Vonage Test Fax

Fill in the Values below and click "Print Test Fax Page"

To:	From: Mary Marlowe
Fax:	Fax:
Phone:	Phone:
Subject: Test Fax	Date: 2/1/11

Fax Settings

Reference your Owner's Manual for help adjusting the settings below:

ECM (error correction mode)	Off
Baud Rate	9600
Internal Call	On (Dial 9 before local calls)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (9600pps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems:

- Switch off fax machine and unplug power adapter from device and from wall jack.
  - Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC.

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help.

Call us at 1-VONAGE-HELP (1-866-243-9467) or visit www.vonage.com

Verizon Wireless DSL Gateway

GT784WNV

Wireless Security Setup

Please keep for your records

Your new Wireless DSL Gateway will enable you to take full advantage of some of the newest technologies available today. It is simple to use the wireless networking features built into your new Wireless DSL Gateway.

(Sticker on CD is with DC Jack)

To connect your computing devices to the Wireless Gateway you will need to refer to information located on the bottom of the Wireless Gateway.

Copy the WiFi Protected Access2 (WPA2) KEY and Enhanced Service Set Identifier (ESSID) from the sticker on the bottom of the gateway (MAC ID is not required for wireless settings). The Wireless Gateway uses WPA2 encryption by default. To use the default setting, your wireless PC must be configured for WPA2 during setup.

Mr Hansen

Thanks you t[illegible] ng in your new divisional he[illegible] W[illegible] [illegible] wish for the concept please as agreed earl[illegible]r

Since, your available area is somewhat limited we suggest a modular layout This concept emphasizes space conservation and yet still provides for a modern, pleasing, atmosphere

Enclosed are two floor plans The first one will allow you to keep your present furniture The second was designed with the intention that our new space saving modules be used Notice that the latter will provide for more spacious accommodations and or room for additional personnel Also included are the specification sheets on these products

After you have had a chance to study our ideas, I would like to set up a meeting during October to discuss any further refinements I will have my secretary make the arrangements Please call me at the interior if you have any questions.

Yelp Cash Back - You get paid first

No risk. no commitment, no set-up, and no training.

Get more customers in the door

Promote your business with a cash back offer to millions of Yelp users. Customers get cash back automatically after transacting at your business.

They'll leave your business with more reasons to smile!

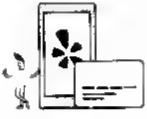
Learn More

You don't pay until you get paid

Attract new and existing customers with cash back offers displayed on Yelp.

You don't pay anything until after you earn revenue. Yelp just earns a small % of what the customer pays you.

Learn More



No setup needed

It's easy and free for customers to link their credit and debit cards on Yelp to start earning cash back at your business.

There's zero setup on your end — it's almost invisible.

Improvements Required

Being able to identify and handle critical escalations are very important role of the Team Leads. The expectation is that the team Lead is able to gauge the importance and criticality of escalated emails and act accordingly.

I have had to send multiple emails on several occasions asking for follow ups and updates on escalated emails. I feel only one email should be enough.

Improvements Required. Yousuf should be able to quickly identify escalated emails, know the positions of persons to be CCed on the email and take full corrective steps or simply acknowledge that you are working on the issue. Escalated situations should never be left unattended no matter how small or insignificant they may be. Follow up and keep a check on about the people you work with.

Handling FTR

Some time to quickly escalate a situation warrants a full understanding of the entire issue and report it to the ongoing impact to our customers.

There have been a number of observations where there is a FTR and you had to be asked by myself to define the purpose and issue the communication.

Improvements Required. Please review the FTR documentation and, if needed, have a session with Vivek.

Assisting and coaching Service Desk Analysts and working with groups outside of Service Desk (such as 3rd party groups)

Coaching, mentoring and being supportive of Service Desk analysts are a very important and important aspects of the Team Lead role.

However, observations and feedback that we have from Service Desk analysts (and

American Fork Hospital
Surgical Services
170 North 1100 East American Fork, UT 84003
Location: West Entrance "SURGICAL SERVICES" 2nd Floor

Welcome to American Fork Hospital Surgical Services

Our team is dedicated to providing high quality and compassionate care to patients of all ages.

THESE INSTRUCTIONS HAVE BEEN CREATED TO HELP IN THE PREPARATION OF YOUR UPCOMING PROCEDURE

- These forms need to be **COMPLETED AT LEAST 3 DAYS PRIOR** to your surgery date
  - Patient Health History
  - Medication History

- Here are ways to receive and **COMPLETE** these forms

1. Your physician's office has these forms and may ask you to **COMPLETE**. The physician's office can fax them to American Fork Hospital Surgery Pre-screen Office at 801.855.4645
2. You will receive a phone call from **Hospital Central Registration** approximately five to five days prior to your surgery. Central Registration will take insurance information, update addresses and phone numbers, and arrange for any co-pays or deductibles to be made. This office may also offer an alternate "online option" for the above mentioned forms via email (Health History and Medication History). These forms **MUST** be completed as soon as the email is received to assure proper review.
   a. **Central Registration** – phone: 801.357.7700 hours: Monday – Friday 9:00am – 7:00pm

- If your physician has arranged for any pre-operative tests, lab work, EKGs, or other consultations, etc., that are needed prior to your surgery, please complete these **at least 3 DAYS PRIOR** to your surgery date
  - Our **Pre-screen Nurses** can help you with this process
    - 801.855.4770 or 801.855.4769 Monday – Friday 9:00am – 5:00pm
  - **Surgical Services Receptionist:** 801.855.4790 Monday – Friday 6am to 2pm
- Plan on receiving 4 to 5 phone calls from different departments to prepare you for your surgery date

Other Important Information

- If you are currently taking any blood thinners such as NSAIDs (i.e. Aspirin, Ibuprofen, Advil, Aleve, Excedrin, Celebrex, or Naproxen), Pradaxa, Xarelto, Coumadin, or Plavix, ***PLEASE ALERT YOUR DOCTOR!*** Some of these medications need to be stopped before your surgery can be done. Follow your doctor's orders regarding these medications.

- **If you are the Parent or Legal Guardian of a minor child (under 18 years of age), you must stay available in the Same Day Surgery area at all times with the minor in a patient at the hospital**
  - If your child is having surgery, a special class entitled "Pre-op Hop" can be arranged. The class is taught by our Child Life Specialist and will help familiarize your child with the operative process
  - To register for this class, call (801) 357-4672

About Samsung

SAMSUNG
Think the Tomorrow

Welcome to Samsung. For over 70 years Samsung has been dedicated to making a better world through diverse businesses that today span advanced technology semiconductors skyscraper and plant construction petrochemicals, fashion medicine finance, hotels and more. Our flagship company Samsung Electronics, leads the global market in high-tech electronics manufacturing and digital media.

Vision 2020

As stated in its new motto, Samsung Electronics' vision for the new decade is, "Inspire the World, Create the Future."

This new vision reflects Samsung Electronics' commitment to inspiring its communities by leveraging Samsung's three key strengths "New Technology," innovative Products, and "Creative Solutions — and to promoting new value for Samsung's core

networks Industry Partners, and Employees. Through these efforts Samsung hopes to contribute to a better world and a richer experience for all

As part of the vision, Samsung has mapped out a specific plan of reaching $400 billion in revenue and becoming one of the world's top five brands by 2020. To this end, Samsung has also established three strategic approaches in its

management: "Creativity "Partnership, and "Talent." Samsung is excited about the future. As we build on our previous accomplishments, we look forward to exploring new territories including health, medicine, and telecknology Samsung is committed to being a creative leader in new markets and becoming a truly No. 1 business going forward

The eco-friendly competitiveness of Samsung products

Samsung Electronics has established a management system to further enhance the eco-friendly competitiveness of its products. The company first adopted the Life Cycle Assessment (LCA) method in 1995. Through this, we conduct analyses during the product development process in order to reduce the environmental impacts resulting throughout the entire life cycle of products.

Eco-Design

In 2004, Samsung developed and set up the Eco-Design Assessment system. This system manages products' compliance with environmental criteria developed based on resource efficiency energy efficiency and eco-friendly materials. The system ensures our products to comply with the global environmental regulations as well as satisfied consumer demands for eco-friendly products. Samsung is also launching various

innovative eco-products in the market and increasing the acquisition of global eco-labels and energy labels through the eco-design management system.

When the value in cell B, cell H, and the value in cell B, cell I are used in the Vlookup

Sine Sum

Finally, we use the Vlookup function to find the values for the sine of the angles in the range where the angle in each cell is between 0 and 360 degrees. If you find the values for the sine of the angles between 0 and 180 degrees, the values are positive. The values for the sine of the angles between 180 and 360 degrees are negative. This is because the sine of the angle is the y coordinate of the point on the unit circle that corresponds to the angle. The y coordinate is positive in the first and second quadrants and negative in the third and fourth quadrants.

When the value in cell B, cell H, and the value in cell B, cell I are used in the Vlookup

UNION CAPITAL - Springfield, MA

Dear Business Owner;

Your organization is now **Pre-Eligible** to receive a business loan of up to **$250,000.00** with rates starting at **7.5%**. **We will beat any other lenders rate guaranteed!**

ICG TEST 123

Survival Analysis: Introduction

Survival Analysis typically focuses on **time to event** data. In the most general sense, it consists of techniques for positive valued random variables, such as

- time to death
- time to onset (or relapse) of a disease
- length of stay in a hospital
- duration of a strike
- money paid by health insurance
- viral load measurements
- time to finishing a doctoral dissertation[1]

Kinds of survival studies include:

- clinical trials
- prospective cohort studies
- retrospective cohort studies
- retrospective correlative studies

Typically, survival data are not fully observed, but rather are *censored*.

TEST
#2

- Enable Anonymous Call Rejection
- Enable Spam Call Blocking
- Manage Mobile Access

Anonymous Call Rejection

All Sonic.net Fusion Voice lines support Anonymous call rejection (ACR). When enabled, ACR blocks incoming calls from parties that have blocked their caller-id information. For more information about ACR please see [1]

ACR along with all other voice features, can also be managed using the member tool at https://members.sonic.net/voice/settings

The following * codes may also be used:

- *77 Enable
- *88 Disable

Note: Under some circumstances ACR allows Fusion-to-Fusion calls regardless of caller-ID status.

Spam Call Blocking

When Spam Call Blocking is enabled on a Fusion Voice line all calls from a hand maintained and reviewed list of telephone numbers that have engaged in abusive or fraudulent calls are blocked. All Fusion Voice customers are subscribed to it by default and may opt out by disabling the option "Spam Call Blocking" in the Voice Options Member tool. A blocked calling party will receive a standard "We're sorry, the number cannot be completed as dialed" error message.

Email Auto Response

How do I set up an email auto response?

First, access the Email Autoresponse Tool located at https://members.sonic.net/email/configuration/autoresponse/ online. You will need to provide your Sonic.net login name and password to proceed.

ALEX Personal Knowledge Base FAQ

1.How to embed image?
2.How to attach a document?

1.How to embed image?
Solution1:
You can create a knowledge item as HTML content then embed image using html IMG tag
Note: If you use absolute path pointing to an image on your disk, when you perform a backup the image will not be included. To solve the problem, please use PKB Link to reference an image

Solution2:
If your knowledge content is plain text, please use the following syntax to embed an image
pkb://img/relative-image-path or res://pkb/img/relative_image-path
Please check the following link for detail. PKB Link

2.How to "attach" a document?
You can embed a file like an image. See Faq 1
In the upcoming release 2.0, you can create a "document" type knowledge. The content of the document is indexed so when you perform a search, you can search through the content of the document.

TE ST

1 888 877 1655

Form **W-9**
(Rev. October 2007)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give form to the requester. Do not send to the IRS.

Print or type
See Specific Instructions on page 2.

Name (as shown on your income tax return)

Business name, if different from above

Check appropriate box: ☐ Individual/Sole proprietor ☐ Corporation ☐ Partnership
☐ Limited liability company. Enter the tax classification (D=disregarded entity, C=corporation, P=partnership) ▶
☐ Other (see instructions) ▶

☐ Exempt payee

Address (number, street, and apt. or suite no.)

Requester's name and address (optional)

City, state, and ZIP code

List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Social security number
___ ___ ___ - ___ ___ - ___ ___ ___ ___

or

Employer identification number
___ ___ - ___ ___ ___ ___ ___ ___ ___

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. See the instructions on page 4.

Sign Here Signature of U.S. person ▶ Date ▶

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity

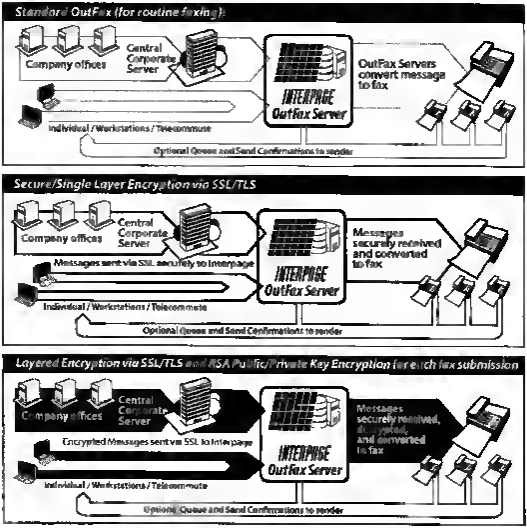
OutFax Secure
provides multiple levels of fast, reliable, and secure fax transmission:



Standard OutFax (for routine faxing):
Company offices
Central Corporate Server
INTERPAGE OutFax Server
OutFax Servers convert message to fax
Individual / Workstations / Telecommute
Optional Queue and Send Confirmations to sender
Secure/Single Layer Encryption via SSL/TLS
Company offices
Central Corporate Server
Messages sent via SSL securely to Interpage
INTERPAGE OutFax Server
Messages securely received and converted to fax
Individual / Workstations / Telecommute
Optional Queue and Send Confirmations to sender
Layered Encryption via SSL/TLS and RSA Public/Private Key Encryption for each fax submission
Company offices
Central Corporate Server
Encrypted Messages sent via SSL to Interpage
INTERPAGE OutFax Server
Messages securely received, decrypted, and converted to fax
Individual / Workstations / Telecommute
Optional Queue and Send Confirmations to sender

Interpage OutFax Secure: Enterprise-grade, highly secure, fast and reliable fax gateway with low-cost per minute or unlimited faxing

Interpage's OutFax Secure provides a fast, secure, redundant and economical way for businesses, organizations, online servers and cloud-based applications to send faxes to one or more fax recipients worldwide. OutFax Secure is fully HIPAA-compliant and offers multiple layers of encryption, which go beyond HIPAA requirements. OutFax Secure provides detailed reporting of fax send status and success/failure in real-time, along with accounting/billing codes.

Find out more about secure faxing at interpage.net/secure or call +1 (650) 331-3900

FREE SHIPPING — ORDERS SHIPPED WITHIN 24 HOURS

AVOID HAZARDS

Never exit a moving train

Fire

Smoke

Debris or obstructions

Do not stand near live wires.

Do not stand on the tracks.

Leave luggage behind.

Beware of steep drop.

Do not lean out a train inside of a tunnel or on a bridge.

In an Emergency

1. Never exit a moving train
2. Assess conditions. If there is no im ediate danger, await instructions from crew members
3. When there is immediate danger t
   - A. Go to the next car through the end doors.
     If the route is blocked,
   - B. Exit the train through the side in the vestibule.
     If there are no other exits avail
   - C. Exit through a designated Emergency Exit Window.
4. Move clear of train and at least 25 away from any tracks. Stay togeth groups, and do not leave the scene

Hazards

Before exiting the train determine t there are any hazards such as:

- Fire or smoke
- Debris
- Downed electrical wires
- Oncoming trains

Leave luggage behind.

Be careful of steep drops, difficult te and/or water

Do not leave the train when inside a nel or on a bridge unless directed to

Emergency Lightin

- In the event of a power failure, ba power will illuminate overhead lig
- Auxiliary Portable Lighting in the form of chemical "Snaplights" are provided in the Emergency Equipment locker at the rest room end of each car.

To activate:

1. Bend once,
2. Snap,
3. Shake.

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?

Internet Fax Services

Never miss another fax. No machine required. It's as easy as email!

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero, this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Information We May Disclose

We regard all of your personal information as confidential. Therefore, we do not disclose any nonpublic personal information about our customers or former customers to anyone except as permitted by law. In the course of conducting our business dealings we may disclose to other parties certain information we have about you. These disclosures are only made in accordance with applicable laws and may include disclosures to reinsurers, underwriters, service providers, consultants and regulatory authorities. For example, [illegible] insurance claims, we may disclose information about you or your claim to persons involved in the claim, such as witnesses, attorneys, insurance adjusters and investigators. We may also disclose your personal information when we believe it is necessary to comply with a law, regulation or legal process, or when we believe it is necessary to protect our rights and property or the rights, property or safety of others.

We may disclose the following categories of information about you to our parent company, affiliates, service providers and other financial institutions with which we have joint marketing agreements:

- Information we receive from you on applications or other forms, such as your name, address, social security number or County Farm Bureau membership number;
- Information about your transactions with us, our affiliates or others, such as your policy coverage, premium, loss history and payment history; and
- Information we receive from a consumer reporting agency, such as your creditworthiness and credit history.

These entities with whom we share personal information are required to maintain the confidentiality of that information. We do not authorize these parties to use or disclose your personal information for any purpose other than for the express purpose of performing work on our behalf or as required or permitted by law.

How We Maintain The Confidentiality And Security Of Your Information

We carefully restrict access to nonpublic personal information to our employees, our independent contractor insurance agents, our service contract providers, and our affiliates and subsidiaries. The right of our employees, our independent contractor insurance agents, our service contract providers, and our affiliates and subsidiaries to further disclose and use the information is limited by our employee handbook, agent's manual, applicable law, and non-disclosure agreements where appropriate. We maintain physical, electronic, and procedural safeguards that comply with federal and state law to guard your nonpublic personal information.

Conclusion

If you have any questions or comments concerning this *Joint Privacy Notice* or our privacy standards and procedures, then please write us at Post Office Box 2689 Waco Texas 76702-2689. Our functional regulator is the Texas Department of Insurance. If we cannot resolve your concerns or answer your questions, feel free to contact our regulator.

Automobile Theft Prevention Authority Notice

NOTICE: The Automobile Burglary and Theft Prevention Authority fee is payable in addition to the premium due under this policy. This fee reimburses the insurer, as permitted by 28 TAC §9.205, for the $2.00 fee per motor vehicle year required to be paid to the Automobile Burglary and Theft Prevention Authority under Texas Civil Statutes, Article 4413(37) §10, which was effective on June 8, 1991, and revised effective September 1, 2011.

APOLLO Dual Voltage 12 / 24 Volt 16 Amp 230 / 460 Watt Output Charge Controller

Get Every Last Watt of Power

- Panel Power Transfer over 99% @ 300 Watts 24 Volt
- 12 or 24 Volt Systems—Automatic Detection
- Easy Connection only 2 wires in and 2 wires out
- FAST True MPPT Power Tracking >99%
- Radio Friendly—Meets FCC Class B Emissions
- Up to 2x MORE Power versus PWM Controllers
- Parallel Additional units for more power—no limit
- Get Maximum Power from Partial Shaded Panels
- Very Low Night Battery Drain
- Designed to meet UL, CE, and CSA Standards
- 2 Year Limited Warranty — Made in USA

Typical Power Conversion Performance vs. Output

REGULATION E: ELECTRONIC FUNDS TRANSFER DISCLOSURE

This disclosure applies to your account if you elected to have your Schwab One® account using Schwab Bank debit card activate it and if the electronic funds transfer from your checking or savings account at another financial institution.

A complete Electronic Funds Transfer Disclosure statement applicable to such account will be provided to you with your account agreement at the time your account is opened.

Unless otherwise noted throughout this disclosure "we," "us," and "our" refer to Charles Schwab & Co., Inc. ("Schwab").

In these times. Presently numerous days are for today the night, every one, and such, and the night hours and 24 hour night. Days, it a funds in the New York is like a legal or financial transaction, we will not also be the following transaction.

Government Liability for Unauthorized Transfers. Tell us at once if you believe your card or card number has been lost or stolen, or if you have a loss from your account within your permission. You can contact us by calling or writing Customer Service:

- By phone in the U.S.
  Call us toll-free at 1-800-435-4000,
  Monday through Friday from 10:00 a.m. to 7:00 p.m. ET.
- By phone outside the U.S.
  International collect call us at 1-415-667-8400,
  U.K. toll-free call us at 0800-0929-0061
  Asia Pacific toll-free call us at 800-0852-32.
- By mail, in all locations:
  Charles Schwab & Co., Inc.
  Schwab One Dept. 5810 PO 4160
  Mail Processing Center
  Lawrence, CO 80021-2464

Subject to the limitations below, the limitations of liability applicable between Customer and Schwab Bank for unauthorized transfers, including transfers initiated by use of the debit card, will be governed by the Schwab One® Account Agreement. Customer will not be liable for any unauthorized transfers that occur after Customer notifies Schwab Bank of the loss, theft or unauthorized use of the debit card. Customer's liability for unauthorized transfers that occur before Customer notifies Schwab Bank will be determined as follows: If Customer notifies Schwab Bank within two (2) business days after Customer learns of the loss, theft or unauthorized use of the debit card, Customer's liability will not exceed the lesser of $50 or the amount of unauthorized transfers that occur before notification to Schwab Bank. If Customer fails to notify Schwab Bank within two (2) business days after Customer learns of the loss, theft or unauthorized use of the debit card, Customer's liability will not exceed the lesser of $500 or the sum of: (a) $50 or the amount of unauthorized transfers that occur within the two (2) business days, whichever is less, and (b) the amount of unauthorized transfers that occur after the close of two (2) business days and before notification to Schwab Bank, provided Schwab Bank establishes that these transfers would not have occurred had Schwab Bank been notified within that two (2) business day period. If Customer's monthly account statement contains any unauthorized transfers, Customer must notify Schwab Bank within 60 days after the statement was mailed to Customer. If Customer does not notify Schwab Bank within 60 days after the statement was mailed to Customer, Customer may not get back any money lost after the 60 days if Schwab Bank can prove that the unauthorized transfers would not have occurred had Schwab Bank been notified within the 60-day period. If Customer's delay in notifying Schwab Bank was due to extenuating circumstances, Schwab Bank may extend the time periods specified above to a reasonable period. Customer may notify Schwab Bank by telephone or in writing. Notification by telephone is recommended to help limit Customer's possible losses. Customer may also be required to submit its complaint or question in writing or electronically.

Business Days. Schwab Bank's business days are Monday through Friday. Holidays are not business days.

Type of Transfers and Limitations. Subject to the terms of this disclosure, Customer may initiate the following types of transfers:

- Purchases at merchants that accept the debit card.
- Cash withdrawals at automated teller machines ("ATMs") that accept the debit card.
- Cash withdrawals at participating financial institutions that accept the debit card.
- Cash withdrawals at participating merchants that accept the debit card.

Customer may withdraw cash from Customer's account using the debit card up to a maximum of $500 per day.

Charges for Transfers or Right to Make Transfers. There is no charge for the use of the debit card. Schwab Bank reserves the right to impose charges for transfers or for the right to make transfers, upon prior notice to Customer. Schwab Bank may also impose charges for services related to any such transfers, such as charges for balance inquiries. Customer will be responsible for paying all charges that Schwab Bank imposes. Schwab Bank will deduct charges from Customer's account when the charges are incurred. Any applicable charges will be disclosed in the fee schedule that Schwab Bank provides to Customer from time to time.

Right to Receive Documentation of Transfers. Customer can get a receipt at the time Customer makes any transfer to or from Customer's account using an ATM or point-of-sale terminal. However, a receipt may not be available for amounts of $15 or less. Customer will get a monthly account statement for each month in which there is an electronic transfer to or from Customer's account. If there are no electronic transfers to or from Customer's account in a particular month, Customer will get the statement at least quarterly.

Preauthorized Payments. Customer may make arrangements for certain recurring payments from Customer's account. Customer may also make arrangements for payments to be made to Customer's account. Customer should contact Customer's employer, the person or company making the payment or Schwab Bank to find out how to make or stop these payments.

Stop Payment Rights. Customer may have the right to stop payment of preauthorized payments from Customer's account. Customer should contact Schwab Bank to find out how to stop payment. If Customer orders Schwab Bank to stop one of these payments at least three (3) business days before the scheduled transfer, and Schwab Bank does not do so, Schwab Bank will be liable for Customer's losses or damages. However, there are some exceptions. Schwab Bank will not be liable, for example, if:

- Customer's account does not have sufficient funds to make the transfer.
- The transfer would go over the credit limit on Customer's overdraft line.
- The ATM where Customer is making the transfer does not have enough cash.
- The ATM was not working properly and Customer knew about the problem when Customer started the transfer.
- Circumstances beyond our control (such as fire or flood) prevent the transfer, despite reasonable precautions that we have taken.
- There is a hold on Customer's account because of pending or recent deposits.
- The transfer would exceed the credit limit on Customer's overdraft line.
- Customer's account is closed.
- The transfer is not allowed under the terms of Customer's overdraft line.
- Customer's account is subject to a pledge or security interest.
- Customer's account is subject to an uncollected funds hold.
- Customer's account is subject to a legal process or other encumbrance restricting such transfer.
- Customer's account is subject to a temporary hold or freeze.
- Customer's account is subject to a suspension of payments.
- Customer's account is subject to a delay of withdrawal.
- Customer's account is subject to a restriction on withdrawal.

- Customer's account is subject to a restriction on encumbering.
- Customer's account is subject to a restriction on transferring.
- Customer's account is subject to a restriction on withdrawing.
- Customer's account is subject to a restriction on depositing.

In Case of Errors or Questions About Your Electronic Funds Transfers. If you think your statement or receipt is wrong or if you need more information about a transfer listed on the statement or receipt, write us at the address listed above.

- By phone in the U.S.
  Call us toll-free at 1-800-435-4000,
  Monday through Friday from 10:00 a.m. to 7:00 p.m. ET.
- By phone outside the U.S.
  International collect call us at 1-415-667-8400,
  U.K. toll-free call us at 0800-0929-0061,
  Asia Pacific toll-free call us at 800-0852-32.
- By mail, in all locations:
  Charles Schwab & Co., Inc.
  Schwab One Dept. 5810 PO 4160
  Mail Processing Center
  Lawrence, CO 80021-2464

We must hear from you no later than 60 days after we send the FIRST statement on which the problem or error appeared.

We need to know:

- Your name and account number.
- A description of the error or the transfer you are unsure about.
- A clear explanation of why you believe there is an error or why you need more information.
- The dollar amount of the suspected error.

'Thet's been the biggest weke up call. Letting go. Giving up control. You know what they say, "Man plans and God laughs" - That is such bullshit. Never give up control. Live life on your own terms. "I know what your saying but, cancers cancer." To hell with your cancer. I have been living with cancer right from the start. It's a death sentence, that's what they keep telling me. Well, guess what, every life comes with a death sentence, so every few months I come in here for my reguler scan knowing full well that one of these times, hell maybe even today, I'm going to hear some bad news. But until then who's in charge? ME. That's how I live my life."

Vonage Test Fax

Fill in the values below and click "Print Test Fax Page"

To:	From
Fax	Fax
Phone	Phone
Subject: Test Fax	Date

Fax Settings

Reference your Owner's Manual for help adjusting the settings below

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (96 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help

Call us at 1-VONAGE-HELP (1-866-243-4357) or visit www.vonage.com.

TARGET® CREDIT CARD PRIVACY POLICY

Rev. 2/13

FACTS	WHAT DO TD BANK, N.A. AND TD BANK USA, N.A. ("TD BANK") DO WITH YOUR TARGET VISA CREDIT CARD OR TARGET CREDIT CARD ("TARGET CARD") PERSONAL INFORMATION?
Why?	Financial companies choose how they share your personal information. Federal law gives consumers the right to limit some but not all sharing. Federal law also requires us to tell you how we collect, share, and protect your personal information. Please read this notice carefully to understand what we do.
What?	The types of personal information we collect and share depend on the product or service you have with us. This information can include: • social security number and income • account balances and payment history • credit history and credit scores • account transactions
How?	All financial companies need to share customers' personal information to run their everyday business. In the section below, we list the reasons financial companies can share their customers' personal information; the reasons TD Bank chooses to share; and whether you can limit this sharing.

Reasons we can share your personal information	Does TD Bank share?	Can you limit this sharing?
For our **everyday business purposes**— such as to process your transactions, maintain your account(s), respond to court orders and legal investigations, or report to credit bureaus	Yes	No
For our **marketing purposes**— to offer our products and services to you	Yes	No
For **joint marketing with other financial companies**	Yes	No
For our **affiliates' everyday business purposes**—information about your transactions and experiences	Yes	No
For our **affiliates' everyday business purposes**—information about your creditworthiness	No	We don't share
For our **affiliates** to market to you	No	We don't share
For **nonaffiliates, other than Target and its affiliates, to market to you**	Yes	Yes
For **Target and its affiliates to market to you**	Yes	Yes*

IMPORTANT!

You must scan this alignment page for best print quality.

STEP 1 Lift the lid. Place this alignment page face down on the right front corner of glass. Close the lid.

STEP 2 Press OK.

Notes

EPSON
EXCEED YOUR VISION

Congratulations, you have successfully installed your new Epson printer!

Here are some tips for getting great prints:

- Genuine Epson inks have been engineered to deliver stable, long lasting photographic quality, when used with Epson papers.
- To protect your photos, frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with Epson printers and genuine Epson inks.
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information.

Drivers & Support

Downloads, FAQs, Help...and more

Get quick answers to your questions by going to **epson.com/support** and choosing your product. There you'll find FAQs, documentation, interactive troubleshooting guides, and an easy way to e-mail Epson

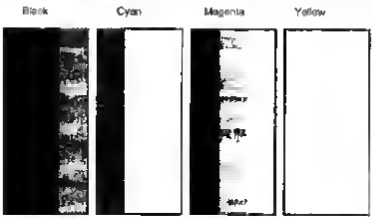
Print Quality Diagnostic

1. Ink levels are okay and should not cause print quality problems. Ink is genuine HP

2. Check media and settings:
   PHOTOS Use Best mode and photo media
   TEXT Use Normal mode and plain paper

3. Check the color blocks below
   CLEAN CARTRIDGES then ALIGN PRINTER if streaked, missing, or incorrect color blocks, or lines across the blocks
   On the printer: Press SETUP, PRINTER MAINTENANCE, then CLEAN CARTRIDGES or ALIGN PRINTER.



4. Check the lines and box below
   ALIGN PRINTER if lines are crooked
   On the printer: Press SETUP, PRINTER MAINTENANCE, then ALIGN PRINTER.

5. If the images above look okay, the printer appears to be working. For more help, go to hp.com/support.

Inherited Use

The Breast Cancer Index (BCI) Post-5 Year Recurrence Risk & Extended Endocrine Benefit Test is the only test for patients diagnosed with estrogen receptor positive (ER+) stage I-III Stage A-B, pN0 or pN1 mi breast cancer who are eligible for, received, or have at 5 years post diagnosis, and previously 5) a quantitative assessment of the likelihood of late (post 5 years) distant recurrence and 2) predict on likelihood of benefit from extended 5 years vs. no extended therapy. It provides very important information for treatment decisions. The BCI test can be performed on archival tissue blocks or on fresh tissue. Analysis is performed on the Bio Theranostic platform and is available for clinical testing.

For LN+ Patients

Risk of recurrence is reported on Page 1 for all patients, based on the LN+ patient cohort. BCI has been validated in LN+ patients. However, BCI was not found to be treating in LN+ patients are associated with a higher risk of recurrence compared with LN- patients. The same test results that will not all benefit from extended endocrine therapy (ET) in LN- patients may benefit from extended ET in LN+ patients.

Test Description

BCI is a multi-gene quantitative RT-PCR assay that provides information regarding a patient's risk for distant metastasis and prediction of outcome to extended 5 year therapy. In this study, BCI was developed from the gene expression profiles of two large retrospective-prospective clinical trials (NCOG 9 1478 and NCOG 9 1500) and Molecular Health GmbH (MHG). BCI HOXB-AS3 is a 2-gene biomarker that is associated with tumor response to endocrine therapy in breast cancer. BCI also uses 4 of the average expression of the cell cycle/proliferation genes: BUB1B, CENPA, PTTG1, and RACGAP1 and 8 RNA housekeeping genes to create a single objective molecular assessment of tumor grade and phenotype. These two biomarkers are clinically prognostic and predictive of extended endocrine benefit. The BCI test is performed on archival FFPE tissue blocks and fresh tissue. Each sample is analyzed in duplicate and the results are averaged. Each sample is normalized to the housekeeping genes and then compared to a reference population. The BCI score is calculated using the following algorithm: 0.5 * HOXB-AS3 + 0.5 * PCR1 + 0.5 * PCR2 + 0.5 * PCR3 + 0.5 * PCR4 + 0.5 * PCR5 + 0.5 * PCR6 + 0.5 * PCR7 + 0.5 * PCR8 + 0.5 * PCR9 + 0.5 * PCR10 + 0.5 *

Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below:

NOTE: Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Press *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE: Whenever troubleshooting a fax issue, it is good practice to set the *Automatic Hypoda* option to **Every Error** before attempting a test fax. This way, even if the sent fax fails an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products; consult the *product User's Guide* for specific steps.

1. Send a one page black and white test fax to 1-888-**hpfaxma** (1-888-473-2962).
2. When your fax is received by the HP Test Fax Service, **we will** generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of failure is that the fax number set in the FaxHeader on the machine does not match the number of the phone line connected to the fax. Also ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

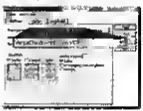
STEP 4 How to PRINT CHECKS

Printing from QuickBooks® and other accounting software

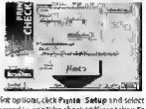
Note: The example below demonstrates printing a check through QuickBooks®. (Intuit® Electronic® Money and other software packages will follow the same process.)

1. Create a check in your financial software. Click **Print** when check is completed.

2. In the **Printer Name** window, select **VersaCheck Printer** and ensure that the applicable check style is selected. Click **Print**. This will open a **VersaCheck®** window.



3. After logging in with your qkvfdelote.com user name & password, confirm Account Name and Check Number and click **Next.**



4. Confirm print options, click **Paints Setup** and select the printer that will be used to print the check (if different than **Step 2**). Click **Print**.

Printing from VersaCheck®

Click on the **Write Checks** button, select the account to draw the check from in the drop-down menu in the upper left-hand corner. Simply fill out the fields of the on screen check. Click on **Record** and your check will be placed in the registers. Click **+New Check** for each additional check. To print checks, simply click on **Print** from the **File** menu.

email Checks

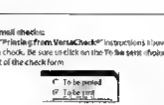
Send, Receive and Process Internet Check Payments

To RECEIVE email checks: Click on **Receive Checks,** then click **Request Checks.**

Once payer check has been sent, open VersaCheck® and click the **Receive Checks** button.

Check will be displayed for you to print.

To SEND email checks:
Follow the "**Printing from VersaCheck®**" instructions above to **Write & Record** a check. Be sure to click on the **To be sent** choice at the upper right of the check form.



Next, click the **Send Checks** button.

Check will be displayed for you to send to recipient email address.

Note: Printing of email checks requires use of VersaCheck® paper & VersaInk™ MICR ink supplies

How to ORDER SUPPLIES

1 (303) 532-4738 | versacheck.com

CHECK PAPER®
VersaCheck® Security Check Refills meet Check Payment Systems Association (CPSA) and American National Standards Institute (ANSI) X9 check processing specifications.

MAGNETIC INK & TONER:
Magnetic Ink Character Recognition (MICR) VersaInk™ and VersaToner™ meet ANSI X9 Check Processing specifications.

CHECK PRINTER:
Loaded with blank compliant VersaInk™/VersaToner™

How to REGISTER

Register online instantly & conveniently:

1. Open VersaCheck®
2. Click **Help\VersaCheck (Version) Registration**
3. Follow on-screen instructions

Vonage Test Fax

Fill in the values below and click "Print Test Fax Page"

To:	From:
Fax:	Fax:
Phone:	Phone:
Subject: Test Fax	Date:

Fax Settings

Reference guide Persons Manual to help in setting the settings below

ECM (Error Correction Mode)	Off
Baud Rate	9600
Transmissions	Only (this is set on a per call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	1 ring (0)
Call Waiting	Off
Bandwidth Saver	High (56 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall jack. Let fax machine remain off for 30 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Disconnect any splitters between the fax machine and the Vonage device.
- Connect fax machine directly to the Vonage device. Bypassing any home wiring.
- If using an All-In-One device, temporarily disable all device Fax Fx.

Further Assistance

If you need further assistance using your Vonage Fax Server, we're always available to help.

6 Potent Cleaners You Didn't Know You Had

1. Glass Cleaner

Make your own glass cleaner by mixing 1/4 cup of vinegar, 1/4 cup of rubbing alcohol, 2 cups of water and 1 tablespoon of cornstarch in a spray bottle. The cornstarch helps prevent streaks. Shake before use, and spray it on as you would a store-bought cleaner. Wipe it off with a microfiber cloth—you'll avoid the lint that paper towels leave and, at the same time, save a tree.

2. Grout Cleaner

Clean grubby grout with a non-toxic cleanser. Mix 1 cup of dish soap and 1 cup of heated white vinegar, then pour into a spray bottle. Shake well, then spray, glove and let it sit for a few minutes. Scrub the grout with a brush—an old, stale little bit of elbow grease—and wipe up with a wet cloth. When you're done, rinse away any residue with plain hot water.

3. Oven Cleaner

De-gunk the interior of your oven using a paste of 1/2 cup of baking soda and 2 to 3 tablespoons of water. First remove the racks. Then cover the interior of your oven with the paste (avoiding the heating elements) and let it sit overnight. The next morning, wipe away with a damp cloth. For tough grease or residue left, it will foam and can then be easily wiped away.

4. Toilet Cleaner

Get rough toilet stains? Make your commode sparkle with 3/4 cup of borax and 1 cup of white vinegar. (Add a few drops of lemon or lavender essential oil for fragrance, if you'd like.) Then sprinkle the borax, pour the mixture into the toilet and let it sit undisturbed overnight. Scrub and flush to rinse away lingering.

5. Stainless Steel Cleaner

For a streak-free shine on your stainless steel appliances, pour equal parts water and vinegar into a spray bottle. Add 1 drop of dish soap and 4 drops of your favorite essential oil. Shake until blended, then spray on a microfiber cloth and wipe down your appliances. A big batch costs less than a dollar, and you won't believe the results.

6. Furniture Polish

Avoid the waxy run-off of commercial furniture polish by making your own. Mix together 3/4 cup of olive oil, 1/4 cup of vinegar, and the juice from half of a lemon. Stir well before each use, and apply a small amount to wood furniture using a soft cloth. Buff with a clean, soft cloth and dry. The wood will be nourished by the oil, cleaned by the lemon and refreshed by the vinegar.

Recession and the Liability Crisis: Impact of the Economy on Workers' Compensation 4

Building on the Catastrophe Underwriting Cycle: Reinsurance Underwriting and the Excess Liability Cycle 6

The Global Financial Crisis Emerging Issues Roundtable

Recently, a group of Endurance underwriters and executives met to discuss the emerging issues and challenges resulting from the global financial crisis. Participants included [illegible] Senior Vice President and Chief Actuary, Endurance Reinsurance; Steve Bronner, Senior Vice President, Workers Compensation and Employer Liability, Endurance; Cathleen Ashley, Vice President, Financial Lines, Endurance; Laura Shanahan, Senior Vice President, Surety and Personal Accident, Endurance; Emily Caroth, Vice President, Financial Lines, Endurance; Kevin Reeves, Senior Vice President, Industry Affairs, Endurance; and Shannon Toden, Senior Vice President, Corporate Communications, Endurance. Moderating the discussion was Jeff Bellinger, Senior Vice President and Chief Actuary, Endurance Reinsurance.

Editors: Can you comment on some of the loss trends that you anticipate could emerge during the current crisis? And how severe do you think they will be?

Jeff Bellinger, SVP and Chief Actuary, Endurance Reinsurance: Starting with property loss frequency, [illegible] property owners decide to forestall new [illegible] delay [illegible] maintenance and [illegible] maintenance. Moreover, an increase in theft and vacant properties will [illegible] higher frequency.

In [illegible] accessories, general activity [illegible] connection has been [illegible] Levels may have been relatively [illegible] will shrink with [illegible] activity. Also, [illegible] overall [illegible] wholesale, retail, franchise [illegible] and ways to use insurance [illegible] profits. We also see [illegible] for workers' [illegible] would add that [illegible]

Steve Bronner, SVP, Workers Compensation and Employer Liability, ERCA: I agree. Jeff, it's tough [illegible] workers' compensation. We've been a [illegible] weekly program, where [illegible] return to work. Many [illegible] are employed who think they [illegible] social [illegible] to find work [illegible] from claim. There's also a [illegible] illness and [illegible] crises. However, as economic activity [illegible] frequency claims should also [illegible] Does [illegible] past twenty years [illegible] NAIC [illegible] has a direct [illegible] frequency.

Laura Shanahan, SVP, Surety and Personal Accident (Reinsurance), ERCA: In surety, portions of [illegible] have been [illegible] since the [illegible] and [illegible] of [illegible] identify [illegible] trends. [illegible] Now, we've [illegible] to see [illegible] [illegible] to be [illegible] to effectively [illegible] [illegible] [illegible] [illegible] [illegible]

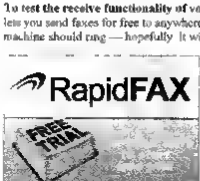
How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it just to make sure it works. Here can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1 510-545 0990 (a number in Northern California.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully. It will automatically answer and spit out the test fax.



This entry was posted on Tuesday, December 20th, 2005 at 3:53 pm and is filed under Fax Machines.

interpage INTERPAGE™ NETWORK SERVICES INC.

Phone: +1 (650) 331 3900 • Fax: +1 (650) 292 1600 • www.interpage.net

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax you will note the first letter of the name you had indicated in the TO field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result

This file is a sample MS Word file
many other file types (PDF, XLS, PS, RTF, etc) are supported

Information regarding Interpage's fax services may be found at:

http://interpage.net/faxmg Interpage Fax Services Overview
http://interpage.net/outfax Interpage OutFax send-fax service
http://interpage.net/secure Interpage OutFax Secure service
http://interpage.net/faxup Interpage FaxUp fax receive service

...or contact us with questions about Interpage's fax services at:

Phone: +1 (650) 331 3900 9AM to 5:30 PM M-F Pacific Time

E-Mail: insi-support@interpage.net

Web: http://interpage.net

Thank you for your interest!

Notes: 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages, only the above fixed sample message will be transmitted. You may establish a trial account for evaluative purposes by filling out the enclosed form on page 3 and clearly indicating a valid e-mail address and contact telephone number. Please call (510) 315 2750 for additional details.

2. This fax is not a solicitation nor is an offer. Faxes sent by a visitor to Interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two tests in a given week, however. If you find that someone is sending your fax in a continuous and abusive manner, please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

Other Interpage Free service trials:

Does your voicemail call you?
Interpage VoiceMail will alert you before and after a caller leaves a message, send a WAV audio file of received messages to your phone or e-mail, and even call you and play the received message at one or more telephone numbers! For details, visit: interpage.net/voicemail

Multiply the value of your old pager!
Like having a pager but need to receive messages on your cellphone or email as well? Want to have the same functionality as a pager on your cellphone without having to give out your cellphone number? Would you like to schedule and filter received pages and emails to multiple cellphones, pagers, and email accounts? Try Interpage's DirectPage service. For details, visit: interpage.net/direct

Know for sure that urgent alerts are received!
OutVoice text-to-speech and WAV file telephone dialout/broadcast virtually notifies landlines and cellphones, and can prompt the recipient to confirm receipt so senders can be certain that alerts are received! For details, visit: interpage.net/outvoice

How to fax from a Magicjack - Just be patient, I tried to get it to work at least 20 times but I did it. And it works great also just make sure you got the dial tone and plug in the line spot for your fax, like I said you can test your fax at 1-888-877-1655 and you can view it at faxtoy.net I just discover this today and I feel pretty happy

INACTIVATED INFLUENZA VACCINE

WHAT YOU NEED TO KNOW 2011-12

Many Vaccine Information Statements are available in Spanish and other languages. See www.immunize.org/vis
Hojas de información sobre vacunas están disponibles en español y en muchos otros idiomas. Visite www.immunize.org/vis

1 Why get vaccinated?

Influenza ("flu") is a contagious disease.

It is caused by the influenza virus, which can be spread by coughing, sneezing, or nasal secretions.

Anyone can get influenza, but rates of infection are highest among children. For most people, symptoms last only a few days. They include:

- fever/chills
- sore throat
- muscle aches
- fatigue
- cough
- headache
- runny or stuffy nose

Other illnesses can have the same symptoms and are often mistaken for influenza.

Young children, people 65 and older, pregnant women, and people with certain health conditions – such as heart, lung or kidney disease, or a weakened immune system – can get much sicker. Flu can cause high fever and pneumonia, and make existing medical conditions worse. It can cause diarrhea and seizures in children. Each year thousands of people die from influenza and even more require hospitalization.

By getting flu vaccine you can protect yourself from influenza and may also avoid spreading influenza to others.

2 Inactivated influenza vaccine

There are two types of influenza vaccine:

1. **Inactivated** (killed) vaccine, the "flu shot," is given by injection with a needle.

2. **Live, attenuated** (weakened) influenza vaccine is sprayed into the nostrils. *This vaccine is described in a separate Vaccine Information Statement.*

A "high-dose" inactivated influenza vaccine is available for people 65 years of age and older. Ask your doctor for more information.

Influenza viruses are always changing, so annual vaccination is recommended. Each year scientists try to match the viruses in the vaccine to those most likely to cause disease that year. The vaccine will not prevent illness from other viruses, including flu viruses not contained in the vaccine.

It takes up to 2 weeks for protection to develop after the shot. Protection lasts about a year.

Some inactivated influenza vaccine contains a preservative called thimerosal. Thimerosal-free influenza vaccine is available. Ask your doctor for more information.

3 Who should get inactivated influenza vaccine and when?

WHO

All people 6 months of age and older should get flu vaccine.

Vaccination is especially important for people at higher risk of severe influenza and their close contacts, including healthcare personnel and close contacts of children younger than 6 months.

WHEN

Get the vaccine as soon as it is available. This should provide protection if the flu season comes early. You can get the vaccine as long as influenza is occurring in your community.

Influenza can occur at any time, but most influenza occurs from October through May. In recent seasons, most infections have occurred in January and February. Getting vaccinated in December, or even later will still be beneficial in most years.

Adults and older children need one dose of influenza vaccine each year. For some children younger than 9 years of age, need two doses to be protected. Ask your doctor.

Influenza vaccine may be given at the same time as other vaccines, including pneumococcal vaccine.

4 Some people should not get inactivated influenza vaccine or should wait

- Tell your doctor if you have any severe (life-threatening) allergies, including a severe allergy to eggs. A severe allergy to any vaccine component may be a reason not to get the vaccine. Severe reactions to influenza vaccine are rare.
- Tell your doctor if you ever had a severe reaction after a dose of influenza vaccine.
- Tell your doctor if you ever had Guillain-Barré

EPSON
EXCEED YOUR VISION

Congratulations, you have successfully installed your new Epson printer!

Here are some tips for getting great prints:

- Genuine Epson inks have been engineered to deliver stable, long-lasting photographic quality when used with Epson papers.
- To protect your photos, frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with Epson printers and genuine Epson ink.
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information.

Drivers & Support

Downloads, FAQs,
Help, and more...

Get quick answers to your questions by going to **epson.com/support** and choosing your product. There you'll find FAQs, documentation, interactive troubleshooting guides, and an easy way to e-mail Epson.

Fax features

Receiving faxes with an extension telephone

When you are using an extension telephone connected to the EXT socket, you can receive a fax from someone you are talking to on the extension telephone without going to the fax machine.

When you receive a call on the extension phone and hear fax tones, press the keys *9* on the extension phone. The machine receives the fax.

9 is the remote receive code preset at the factory. The first and the last asterisks are fixed, but you can change the middle number to whatever you want.

While you are talking over the telephone connected to the EXT socket, copy and scan features are not available.

Receiving faxes using DRPD mode

Distinctive Ring is a telephone company service which enables an user to use a single telephone line to answer several different telephone numbers. This feature is often used by answering services who answer telephones for many different clients and need to know which number someone is calling in order to properly answer the phone.

1. Select (Fax) > (Menu) > **Fax Setup** > **Receiving** > **DRPD Mode** > **Waiting Ring** on the control panel.
2. Call your fax number from another telephone.
3. When your machine begins to ring, do not answer the call. The machine requires several rings to learn the pattern.

   When the machine completes learning this ring, the display shows **Completed DRPD Setup.** If the DRPD setup fails, **Error DRPD Ring** appears.
4. Press **OK** when DRPD appears and start over from step 2.

- DRPD must be set up again if you re-assign your fax number or connect the machine to another telephone line.
- After DRPD has been set up, call your fax number again to verify that the machine answers with a fax tone. Then make a call dialled to a different number as well as that same line to be sure the call is forwarded to the extension telephone or answering machine plugged into the EXT socket.

JOUVEA.ORG : Gérer la douleur

Instantanée soulagement de la douleur goutte avec du bicarbonate de soude

Vous recherchez pour soulager la goutte instantanément la douleur? Alors vous êtes au bon endroit. Ici, vous découvrirez comment le bicarbonate de soude peut apporter un soulagement presque instantané de la douleur de goutte sans avoir besoin de médicaments avec leurs effets secondaires bien connus.

Le bicarbonate de soude peut vous apporter plus ou moins instantanée soulagement de la douleur goutte. Et qui aurait soupçonné que quelque chose que beaucoup d'entre nous ont couché dans une armoire de cuisine pourrait être par exemple une arme puissante dans la lutte pour obtenir un soulagement rapide et douleur de la goutte?

Non seulement il peut agir seul comme un remède naturel efficace contre la goutte, mais, le bicarbonate de soude peut également aider à l'efficacité des non-stéroïdiens anti-inflammatoires non stéroïdiens (AINS) que vont médecin prescrit habituellement pour soulager la douleur de vos symptômes de la goutte.

Mais même sans médicaments, vous pouvez obtenir presque instantanément, sans doute un soulagement rapide et douleur de la goutte à l'aide de bicarbonate de soude (bicarbonate de soude) en raison de ses nombreux avantages tels que -

- Une augmentation dans les fluides corporels qui aident vos reins pour rincer l'acide urique de votre système
- Amélioration de la solubilité acide urique pour faciliter l'excrétion de l'organisme
- La dissolution des cristaux d'acide urique pour aider à réduire la douleur

Vous devez ajouter la moitié d'une cuillère à café de bicarbonate de soude à 8 onces d'eau dans un grand verre. Buvez un verre immédiatement avant d'aller au lit, et, la première chose, en se levant. Buvez un verre en votre sens les 2 à 4 heures entre les repas. Si besoin est, suivre cette routine quotidienne jusqu'à ce que vos symptômes disparaissent.

Soyez prudent de ne pas prendre plus de 4 cuillères à café de bicarbonate de soude dans une période de 24 heures. Et, parce que le bicarbonate de soude est très élevé en sodium, vous devez aller à un régime pauvre en sodium très bas, ou mieux encore, de la découpe du sel de votre alimentation tout à fait.

En outre, si vous souffrez d'hypertension artérielle—Hypertension— ou parler à votre médecin avant d'utiliser cette voie de recourir. Il est une bonne idée de parler à votre médecin au sujet de ce traitement dans tous les cas.

Beaucoup de personnes souffrant de goutte ont connu très vite soulagement de la douleur goutte avec votre méthode. Mais, il y a un certain nombre d'autres choses que vous devez considérer en termes de se débarrasser de votre goutte. Par exemple, votre poids, l'alimentation, style de vie, les antécédents familiaux, etc

Et si vous continuez à souffrir la goutte qui revient souvent, il y a un danger de lésions articulaires permanentes et des problèmes rénaux au cours du temps. Plus, bien sûr, une fois après avoir subi une attaque de goutte, vous êtes maintenant beaucoup plus susceptibles d'avoir plus

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and view it for interestingness.

You can fax something interesting to 1-888-877 1495 (your base will never notice, maybe) or 1-503-200 1308 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll free number if you're in the USA.) Keep it clean & legal.

Fax single-page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to strip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

Get an e mail alert when FaxToy receives a new fax:

FAX

Vonage Test Fax

Fill in the values below and click "Print Test Fax Page"

To	From
Fax	Fax
Phone	Phone
Subject: Test Fax	Date

Fax Settings

Reference your Owner's Manual for help adjusting the settings below

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (90 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC

hello fax

Go Paperless with HelloFax and Google Drive

What creates paper?

Printing, signing and scanning documents
Having other people sign documents
Sending and receiving faxes

How do we make our office paperless?

With HelloFax, you don't need paper to
Sign a document
Request a signature
Send or receive a fax
...end every document is automatically stored to Google Drive

That's it! You've gone paperless

Instead of your documents becoming paper and cluttering your desk, you can now keep them digitally and securely stored in your Google Drive

Email us at support@hellofax.com if you have any feedback

Dear Neighbour

Are you: { **Self Employed?** / **Single wage earner in your family?** / **Or a Single Parent?**

You need to protect yourself first. Disability Insurance is coverage for the living if something happens to you and you cannot work for a short or long while. Disability Insurance will be paid to you monthly so you can cover your living expenses.

Important Facts:

Did you know that a 35 year old has 50% chance of becoming disabled for 90 days or more before the age of 65?

Nearly half (46%) of all foreclosures on conventional mortgages are caused by a disability vs. only 2% are caused by the homeowner's death

Disability Insurance covers a wide range of illnesses including one as simple as a back problem which can happen to 1 of 5 Canadians

Statistics show that 31% of people in your area already have Disability Coverage, Join your community and protect yourself against Disability and Wage Loss

TEST

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-510-545-0990 (a number in Northern California.) When it's finished transmitting, point your web browser to — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully. It will automatically answer and spit out the test fax.

Re Construction Estimator

Dear

I am writing to explore the possibility of obtaining a Construction Estimator position in your company. I am a proficient estimater and I believe I can be an asset to your company.

My qualifications include:

- 2 years successful estimating experience in civil engineering
- Construction Estimating Certificate at George Brown College
- Skilled user of MS Excel 2007, AutoCAD 2010, Timberline, MS Word, MS Project 2007 and digitizer GTCO LII Plus

If you want an employee who can be immediately productive in your upcoming projects, please do not hesitate to contact me at 123456. I would appreciate the opportunity to discuss my qualifications and abilities with you in person. Thank you very much for considering my application.

Sincerely,

xu Xu

PLEASE GIVE THIS TRANSACTION REPORT TO SANDRA

Hail Mary:

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen.? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

WHAT'S NEW IN 5.1?

WHAT'S NEW IN CONTRACT COMPANION 5.1?

Contract Companion 5 1 is here to take your document drafting and proofreading to the next level Upgrade from 4.5 today to

- Easily assign, updated, and fix cross references with intuitive assign feature
- Quickly identify issues with defined terms cross references and editing mistakes with one-click ribbon buttons
- Conform quotes and bullet styles with one click
- Exclude schedules from document analysis

What s new?

Feature	Improvements
Quick reference assign	Simplifies assigning (inked cross references outside of Word s native interface
Defined term detection	Identifies definition styles that use solely bold, underlined or italicized formatting
One click ribbon buttons	Launch the defined terms cross references, and final checks features instantly from the ribbon
Selection scan	Ignore schedules and supplementary documents in the defined term checker analysis by selecting what to scan
Renamed tiles	More intuitive tile interface for easier navigation
Auto conform bullets	Conform differing bullet sizes across your document with one click
Auto conform quotes	Conform curly and straight quotes with one click

Contact your Customer Success Manager to determine the optimal upgrade plan based on your Word desktop goals

Subject: **Press Release – Merger**

Continuing the current trend of large-scale mergers and acquisitions it was announced today at a press conference that Christmas and Chanukah will merge. According to reliable industry sources, the deal has been in the works for about 1300 years, ever since the rise of the Muslim Empire.

While not all details were available at press time, it is believed that the overhead cost of having twelve days of Christmas and eight days of Chanukah was becoming prohibitive for both sides. By combining forces reporters were told, the world will be able to enjoy consistently high quality service during the Fifteen Days of Chrismukah as the new holiday is being called.

Massive layoffs are expected with lords-a-leaping and maids-a-milking being hardest hit. Under conditions of the agreement, the letters on the dreydl currently in Hebrew, will be replaced by Latin, thus becoming unintelligible to a much wider audience. Also instead of translating to "A great miracle happened there" the message on the dreydl will be the more generic: "Miraculous stuff happens."

In exchange it is believed that Jews will be allowed to use Santa Claus and his vast merchandising resources for buying and delivering their gifts. One of the sticking points holding up the agreement for at least three hundred years was the question of whether Jewish children could leave milk and cookies for Santa even after having eaten been for dinner. A breakthrough came last year when Oreo cookies were finally declared to be Kosher. All sides appeared happy about this.

A spokesman for Christmas, Inc., declined to say whether a takeover of Kwanzaa might be in the works as well. He merely pointed out that, were it not for the independent existence of Kwanzaa, the merger between Christmas and Chanukah might invite antitrust scrutiny as an unfair cornering of the holiday market. Fortunately for all concerned, he said Kwanzaa will help to maintain the competitive balance. He then closed the press conference by leading all present in a rousing rendition of "Oy Come All Ye Faithful."

POWER OF PRIDE

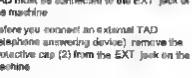
Connecting an external TAD (telephone answering device)

You can connect an external Telephone Answering Device (TAD) to the same line as your machine. When the TAD answers a call, your machine will 'listen' for the CNG (fax calling) tones sent by a sending fax machine. If it hears them it will take over the call and receive the fax. If it does not hear them, it will let your TAD take a voice message and the display will show Telephone.

The external TAD must answer within four rings (we recommend you set it to two rings). This is because your machine cannot hear the CNG tones until the external TAD has picked up the call. The sending machine will send CNG tones for only eight to ten seconds longer. We do not recommend using the toll saver feature on your external TAD if it needs more than four rings to activate it.

Unless you are using Distinctive Ring, the TAD must be connected to the EXT jack of the machine.

Before you connect an external TAD (telephone answering device), remove the protective cap (2) from the EXT jack on the machine.



1 TAD
2 Protective Cap

Note

If you have problems receiving faxes, reduce the ring delay setting on your external TAD.

Connections

The external TAD must be plugged into the back of the machine, into the jack labeled EXT. Your machine cannot work properly if you plug the TAD into a wall jack (unless you are using Distinctive Ring).

1. Plug the telephone line cord from the telephone wall jack into the back of the machine, in the jack labeled LINE.
2. Plug the telephone line cord from your external TAD into the back of the machine, in the jack labeled EXT. (Make sure this cord is connected to the TAD at the TAD's telephone line jack, and not its handset jack.)
3. Set your external TAD to four rings or less. (The machine's Ring Delay setting does not apply.)
4. Record the outgoing message on your external TAD.
5. Set the TAD to answer calls.
6. Set the Receive Mode to External TAD. (See *Choose the correct Receive Mode* on page 27.)

Cancellation Policy.
NO Cancellation Policy. you are welcome to stay if you don't you will miss special time with Shuly. Till date we never had any cancellations for our Room, 24*7 we are go ing full, hurryyyy

Thanks for selecting FKNight.com as your partner

January 24 2018

DOMENICO MARINO
145 PUESTA DEL SOL
OSPREY FL 34229

Re: MISSOURI WESTERN STATE UNIVERSITY
Claimant: DOMENICO MARINO
Claim No PA0581217 - SGB
Accident Date: October 10 2017

We have been advised of the injury you sustained As the administrator of claims for NATIONWIDE LIFE INSURANCE COMPANY we must advise you that the policy under which you are covered provides for payment of reasonable and customary medical expenses incurred within 104 weeks from the date of the accident above a $3 000 deductible and up to a maximum benefit of $50 000
This coverage is excess/secondary to any other health or accident plan

All bills should be itemized statements (UB04 for hospital charges and CMS1500 for physician and ancillary charges The medical providers will be familiar with these forms)
If you are covered under another health or accident plan, the medical bills should be submitted with the other plan's Explanation of Benefits (EOB) If you have other insurance, you should give your medical providers the other insurance information as your primary insurance and our information as your secondary insurance
If this is done the medical providers will send us the necessary billing forms and your other insurance EOB
If there is a deductible payments made by your primary plan will be used to satisfy our deductible

It will be our standard operating procedure to make payment direct to the medical providers unless it is clear to us that you have already paid the bill

Medical bills should be submitted as soon as possible to avoid being rejected for untimely filing

If you have any questions concerning this claim please call 800-217-2817 Option 1

Sincerely

Participant Accident Claims Division

*******PLEASE PROVIDE THE ABOVE CAPTIONED CLAIM NUMBER WHEN SUBMITTING CLAIMS FOR CONSIDERATION PROVIDE THIS CLAIM NUMBER TO THE MEDICAL PROVIDERS THIS WILL AID IN THE TIMELY PROCESSING OF YOUR CLAIM*******

RIGHT TO STOP WORK. Contractor shall have the right to stop work. If any payment shall not be made to contractor under this agreement, contractor may keep the job site until all payments due are received.

LIMITATIONS. No notice arising from or related to the contract or the performance thereof shall be commenced by either party against the other more than two years after the completion or cessation of work under this contract. This limitation applies to all actions of any character whether at law or in equity and whether sounding in contract, tort, or otherwise. This limitation shall not be extended by any negligent misrepresentation or unintentional concealment, but shall be extended as provided by law for willful fraud, concealment, or misrepresentation.

CLEAN-UP. Upon completion of the work, contractor will remove debris and surplus material from owner's property and leave it in a neat and broom-clean condition unless otherwise stated in this contract.

TAXES AND ASSESSMENTS. Taxes and special assessments of all descriptions will be paid for by owner

NOTICE. Any notice required or permitted under this contract may be given by ordinary mail at the address contained in this contract, but such address may be changed by written notice given by one party to the other from time to time. After a notice is deposited in the mail postage prepaid it shall be deemed received in the ordinary course of the mails.

PROHIBITION OF ASSIGNMENT. Contractor may not assign this contract or payment due under this contract to any other party without the written consent of owner

BANKRUPTCY. If either party becomes bankrupt, or makes an assignment for the benefit of creditors, the other party has the right to cancel this contract.

ATTORNEY FEES. If either party becomes involved in litigation arising out of this contract or the performance thereof the court in such litigation, or in a payment suit, shall award reasonable costs and expenses, including attorney fees to the party justly entitled thereto. In awarding attorney fees, the court will not be bound by any court fee schedule, but shall, if it is in the interest of justice to do so, award the full amount of costs, expenses and attorney fees paid or incurred in good faith

MEDIATION. Unless otherwise agreed upon by the parties in writing, any controversy arising out of the construction of the project referred to in this contract shall be subject to a good faith mediation conducted by and in accordance with the rules of the American Arbitration Association. Mediation shall take place prior to the commencement of arbitration, but in no event later than (60) days after the first demand for arbitration is filed by one of the parties. Mediation shall be governed by the confidentiality requirements contained in California Evidence Code Section 1152.5. Should mediation fail, the parties shall arbitrate their dispute according to the terms of Section 17b, infra, but Unless otherwise agreed by the parties, the arbitrator shall not be the same person who conducted the mediation.

Arbitration. Any controversy arising out of the construction of the project referred to in this contract or regarding the interpretation of this contract shall be subject to arbitration in accordance with the applicable Construction Industry Arbitration Rules of the American Arbitration Association which are in effect at the time the demand for arbitration is filed. Should any party refuse or neglect to appear or participate in an arbitration proceeding, the arbitrator is empowered to decide the controversy in accordance with whatever evidence is presented. The arbitrator is authorized to award any party or parties such sums as he or she shall deem proper for the time, expense and trouble of arbitration

Contractor agrees that by subcontractors will enlisted an arbitration provision providing that any controversy arising out of the construction of the project referred to in this contract shall be subject to arbitration by and in accordance with the applicable Construction Industry Arbitration Rules of the American Arbitration Association which are in effect at the time the demand for arbitration is filed. Contractor agrees that by subcont ect it will require its subcontractors to agree, upon request of Owner or Contractor, to join as parties to arbitration pursuant to this agreement, between Owner and Contractor and to make only sub-subcontracts which contain like provisions as to its subcontractors.

University of Pittsburgh

Office of Human Resources

Craig Hall
200 South Craig Street
Pittsburgh, PA 15260

July 15, 2016

The Affordable Care Act requires that employers offer health insurance to their full-time employees and dependents up to age 26. In accordance with this employer mandate, the University of Pittsburgh recently filed documents with the IRS related to the offering of health care coverage. Upon receipt of the University's Form 1094-C, Transmittal of Employer-Provided Health Insurance Offer and Coverage Information, the IRS has indicated that there is an error in your record.

A validation error occurred because the IRS found a discrepancy with your name and social security number combination used on the filing document. To ensure that the University has your personal

Passive and Active Port Layout

For MoCA installations it is best to install MoCA devices on adjacent and semi-adjacent ports for the lowest port-to-port isolation. The examples below indicate the ports that are adjacent and semi-adjacent of the BDS100VF Series splitters and the Octa-Plus Amplifier. The green indicates the ports that are adjacent and the red indicates the ports that are semi-adjacent. It is best not to connect MoCA devices between the semi-adjacent groups as this will result in the highest port-to-port isolation and possible be too much attenuation for proper MoCA communication.

STATE OF CALIFORNIA
SELLER OF TRAVEL
REGISTRATION APPLICATION

Test

Please read all of the instructions before completing this application.

Financial requirements pursuant to Business and Professions Code sections 17550.15 and 17550.16:

PLEASE CHOOSE ONE OF THE FOLLOWING OPTIONS TO FULFILL THE REQUIREMENT

OPTION 1: Trust Account. A trust account is separate from an operating or general account. The trust account is used to deposit consumer funds and to pay your travel service providers. The trust account cannot be used for business and personal expenses, or to pay the seller of travel registration fee. After you have paid your travel service providers, you may withdraw monies owed to you as compensation for the sale of travel services. The operating account is used to pay all salaries, utilities, and other operational expenses. Please complete Question 10.a. if you elect this option.

OPTION 2: Surety Bond. You may elect to purchase a Surety Bond to protect consumer payments. Your Surety Bond must be sufficient to cover the amount that would be required to be held in a Trust Account if you were in that status. Trust Account. One way to estimate that amount that your Surety Bond should cover is to determine the highest single day's balance of customer money which would be held by you before being forwarded to the providers of transportation or hotel services. You should make appropriate upward adjustments to your estimates and Surety Bond as circumstances change. Please complete Question 10.b. if you elect this option.

OPTION 3: Consumer Protection Deposit Plan. You may elect to participate in the United States Tour Operators Association Consumer Protection Deposit Plan in accordance Consumer Protection Deposit Plan which has been approved by the Attorney General and in full compliance of Business & Professions Code section 17550.15(c). A Consumer Protection Deposit Plan by statute requires depositing with the Administrator of the Plan a minimum of $1,000,000. As of August 29, 2006, participation in the Deposit Plan is only by application to the United States Tour Operators Association (USTOA). Please complete Question 10.c. if you elect this option.

10.a. TRUST ACCOUNT. Provide the following information for all trust account(s) including those you hold by additional business locations and/or DBA locations:

TRUST ACCOUNT NUMBER _____ BANK NAME _____

TRUST ACCOUNT NAME (As shown on bank records) _____ BRANCH _____

CITY, STATE AND ZIP CODE _____

Form 3011 is required when an officer or employee is designated to manage the trust account. ☐ ATTACHED

Attach additional pages if necessary OR submit in a spreadsheet electronic format.

10.b SURETY BOND: Provide the following information for your customary Surety Bond (A bank cashier's check payable to ARC (i.e. ARC Bond) does not qualify as the Seller of Travel Surety Bond.)

SURETY BOND ISSUER _____ AMOUNT OF BOND _____

SURETY BOND NUMBER _____ EFFECTIVE DATE OF BOND _____

A complete and current Seller of Travel Surety Bond Form 403 is REQUIRED ☐ ATTACHED

10.c CONSUMER PROTECTION DEPOSIT PLAN: Attach the original letter from the Plan Administrator showing your participation in the Plan. ☐ ATTACHED

EGAMES PO RECEIVED COVER SHEET

FAX NUMBER 213-365-4603

ATTENTION: AL LEON **NUMBER OF PAGES:** 3

STORE: Santa Ana **DATE FAXED:** 8 · 14 · 09

PO NUMBER: A9JUX-Ø **VENDOR NAME:** G58

DATE PURCHASE ORDER WAS RECEIVED IN AR SYSTEM: 8 · 14 · 09

ASSOCIATE NAME: Alejandra Almendare
PRINTED

ASSOCIATE NAME: _____
SIGNATURE

**INCLUDE - ALL PO RECEIVING PAPERWORK- PO, RECEIVER, PACKING SLIP, BILL OF LADING

The directory can store up to 50 number which are shared by all system handsets

To add a directory entry:

1. Enter the number (up to 36 digits) when the handset is not in use then press **SELECT**. Then go to Step 3.

   -OR-

   When the handset is not in use press **MENU** then scroll to **9Directory** and then press **MENU** twice.
2. Use the dialing keys to enter the number (up to 36 digits).

   -OR-

   Copy a number from the redial list by pressing **REDIAL** and then press **▼** ▲ or **REDIAL** repeatedly to select a number. Press **SELECT** to copy the number.
3. Press **SELECT** to move on to enter the name.
4. Use the dialing keys to enter the name (up to 15 characters). Additional key presses show other characters of that particular key.
5. Press **SELECT** to store the entry.

While entering names and numbers, you can

- Press **⊗DELETE** to backspace and erase a digit or character
- Press and hold **DELETE** to erase the entire entry.
- Press **▼** or **▲** to move the cursor to the left or right.
- Press and hold **PAUSE** to insert a 3-sec pause (for entering numbers only)
- Press 0 to add a space (for entering names only).

To review and dial a number from the directory:

Entries are sorted alphabetically

1. Press **☎** when the handset is not in use
2. Scroll to browse through the directory or use the dialing keys to start a name search
3. When the desired entry appears press **☎** or **◉** to dial.

To edit a directory entry:

1. When the desired entry displays, press **SELECT**
2. Use the dialing keys to edit the number then press **SELECT**
3. Use the dialing keys to edit the name, then press **SELECT** to confirm.

To delete a directory entry:

1. When the desired entry displays, press **⊗DELETE.**
2. When the screen displays **Delete contact?** press **SELECT**

Speed dial

You can copy up to 8 directory entries into the speed dial locations (0 and 2-9) so that you can dial these numbers using fewer keys than usual.

To assign a speed dial entry:

1. Press **MENU** when the handset is not in use.
2. Scroll to **5Directory**, then press **SELECT**
3. Scroll to **6Speed dial**, then press **SELECT**
4. Scroll to a desired speed dial location, then press **SELECT**
5. Scroll to a desired directory entry, then press **SELECT** to save

To dial a speed dial entry

- Press and hold a dialing key (**0** or **2-9**) to dial the number stored in the corresponding location.

To delete a speed dial entry:

1. Press **MENU** when the handset is not in use.
2. Scroll to **5Directory**, then press **SELECT**
3. Scroll to **6Speed dial**, then press **SELECT**
4. Scroll to a desired speed dial location, then press **⊗DELETE**. The screen displays **Clear SD #X?** Press **SELECT** to confirm

How To Make:
A Replica Native American Bow.

By Dave Brewer
A Friends of Archaeology volunteer

The Native Americans in the Southwestern United States did not begin using bow and arrow technology until about 1,500 years ago. Prior to the advent of the bow and arrow, the atlatl (an Aztec word from Mexico) was the primary hunting weapon. Most "arrowheads" that are found today which are longer than 1 inch were really points for the long, spear-length atlatl shafts that were used to bring down large animals. What are often referred to as "bird-points" were the true arrowheads. They were used for everything from hunting bison and rabbits to warfare, not just for hunting birds.

Bows then were different from the large and elaborate hunting bows used by hunters today. They were much lighter. The English longbow (of Robin Hood fame) didn't lend itself to the requirements of early hunters on the American continent, where dense forests had to be threaded through, and a cumbersome long bow would get hung up in vines and brush!

GET YOUR NEW THIN CLIENT SYSTEM UP AND RUNNING

Congratulations—welcome to enhanced security, reduced cost, less risk and a system that's a whole lot easier to manage.

HP ThinPro thin clients help improve productivity with quick deployment of simple, familiar and more reliable computing experiences.

It's easy to get started

This quickstart guide illustrates some of the most common tasks of setting up an HP ThinPro thin client. It is designed to help you get up and running, right out of the box. However, if you have questions, need more information or want to set up a more unique configuration, please refer to the HP ThinPro Administrator Guide at **www.hp.com/support/manuals/thinclients**. Select your thin client and its respective guide under *General Reference*.

LOGGING ON AND GETTING STARTED

The HP ThinPro interface appears when you first turn on the thin client and defaults to User Mode:

User Mode

- Allows restricted rights to subset of access connection creation and control panel applications. Allows restricted rights to subset of access connection creation and control panel applications.

Administrator Mode

- Allows full access to control panel applets, main panel on of HP ThinState Capture and Deploy, FTP Images, etc.
- Defines which connections and connection types are available when in User Mode, and limits users on deleting connections or creating new ones.

Note: You must log in with administrator permissions to access all components of the HP ThinPro user interface. The default password for Administrator Mode is: root

To switch between User and Administrator mode:

1. Click the HP logo in the bottom left of the screen

or

2. Position your cursor in the screen background and right-click. Then, select **Administrator/User Mode Switch**
3. Enter your password

Quick tip

To determine if you are in User or Administrator mode:

A blue banner at the top of the console window designates User Mode

A red banner at the top of the console window designates Administrator Mode

Scholarly Work, Without All the Footnot

By Arthur S Brisbane

ARECENT Saturday Magazine article by the linguist Guy Deutscher seemed to fascinate readers, moving quickly onto The Times's most e-mailed" list and staying there for several days.

It is easy to understand why the article published on Aug. 28 under the headline "Does Your Language Shape How You Think?" — was so popular. It was one of those interesting science stories that capture the attention of the general reader without bogging down too heavily in scholarly detail. But it soon would draw less favorable attention, this from readers who questioned the originality of the work.

The article, adapted from Mr Deutscher's new book "Through the Language Glass: Why the World Looks Different in Other Languages," delved into ways that language-based activity organizes habits of m ind and influences perception in distinct cultures.

Mr Deutscher an honorary research fellow at the University of Manchester, offered intriguing examples from the realms of gender spaces and color.

Because the word "bridge" is feminine in German and masculine in Spanish, for instance Germans "tend to think of them as more slender or elegant, Spaniards, conversely, attribute more manly properties" to them, like strength.

Mr Deutscher cited the linguist Sapir-Whorf Lavinton in a description of the universe way that in Australian aboriginal group understands spatial direction everything is spoken of in terms of the cardinal points on the compass, and the words for "left" and "right" aren t used at all. These aboriginals, amazingly, have an innate sense which way is north north, east and west.

A speaker of the language, Mr. Deutscher wrote, might warn you to "look out for that big ant just north of your foot" or tell you he left something "on the southern edge of the western table."

Such examples seemed too familiar to some scholars. They complained to The Times of a significant "overlap" between Mr Deutscher's article and some recent writings by Lera Boroditsky a Stanford University psychology professor who, amazingly Ms. Boroditsky had written two articles on the same subject, one in June 2000 for the Web site edge.org and another for The Wall Street Journal just this past July.

Alexander Star the magazine's deputy editor who commissioned and edited the piece, said he and Mr Deutscher discussed the criticism but disconnected it because "the issue there was nothing unsettled about how we put our work together." Mr Star said he had not read either of Ms. Boroditsky's articles prior to their Friday Mr Deutscher's.

The complaints persisted, however including former contributors on blogs. On edge.o rg, an noncommercial network ventures to say to say that Mr. Deutscher should have credited her and that his article exhibited "an unacceptable mode of borrowing."

Ms. Boroditsky is an established scholar who does her own field research and has been published in both the popular press and scholarly journals. The essence of her complaint was that Mr. Deutscher's article focused on the same three subjects Ms. Boroditsky has most repeatedly in her work — gender, space and color — and held similar examples.

Indeed, in the and bloggers could find stories articles and Mr Deutscher's did overlap in numerous ways. Ms. Boroditsky's edge.org piece made the same point about feminine German bridges and masculine Spanish ones And in both her article and her recent one in The Wall Street Journal, she used the quote "Dawn is not an your southwest leg" to describe an aboriginal Australian people's distinctive language for direction.

Researchers collide in the popular press.

Mr Deutscher defended his work. He said he did not read either of Ms Boroditsky's articles before producing his book adaptation for The Times. Rather he said, the specific examples and the general topic arose were drawn from a deep well of research by others. He and Ms. Boroditsky "are treading the same ground because there's where previous scholarship had been focused, he said. Mr Deutscher noted that he had consulted Ms. Boroditsky, the earlier researcher with the "big not just north of your foot" example, and wondered why Ms. Boroditsky had not done the same.

Looked for an outside perspective, Michael Silverstein, a professor of anthropology, linguistics and psychology at the University of Chicago, gave me an Incircumstance or space, terms now familiar to other covered by researchers in this field. The short version is that the ground is well-trodden. Each new contribution arrives on the shoulders of a preceding one.

Given the examples have ruttentan originality, Ms. Boroditsky's note, it turns out, were different from her. I referred to mails, having their origin in different research involving a different aboriginal group conducted by Alice Gaby a University of California Berkeley linguist.)

In dealing with these issues, Mr Silverstein said, "one could not avoid writing about these particular substantive phenomena and these particular bits of research terms that is what has fired folks up" this "folks" being the researchers themselves

The problem here, I conclude is not one of intellectual theft It's really a problem of journalism itself

The result of m this disunity of intellect, effort and passion, by contrast for writing scholarly subject matter are popular journalists have much artistic

Magazines artic to flow easily, no more like novels! courses with a few arent's the answer, editor of the Deut you are using a g in some point and sound do have to

Peter W Wood, is president of th of Scholars, obse filling a void& ap ng in the popular sions for giving matter.

"A scholar-bre needs writers," he s

Ideally, writers serve the expertise researchers who desire. John Lavorso geology at the Univ that Mr. Deutsche Ms. Boroditsky fo of gender and lang lance in the field.

Some noncovera tasks this kind of before beginning Wood that The Times ne Web sites m as those using fairly basic coding sk don't exist.

Some will argue provide different in print and onlin ther an electronic like this one is a resolute,'s distinct that offers a sol problem for existent star prose.

LEGEND
●●●●● Good
●●●●○ Acceptable
●●●○○ Marginal
●●○○○ Poor
●○○○○ Very Poor

The National Highway Traffic Safety Administration (NHTSA) provides 3 assessment ratings: **full width frontal crash** test, side **impact crash test** and **rollover resistance**. The frontal crash test rating tells how well the safety features and restraints protect an occupant in a head on collision. The side-impact test measures the chance of a severe chest injury in the side-impact crash. The rollover resistance rating estimates the risk of rolling over in a single vehicle crash. Go to **NHTSA** to learn more about these results.

People of the world!!

Po-Joke #17
Question Why did the traffic cop give the poet a ticket?
Answer For driving without a poetic license

Po-Joke #18
Question Where do poets obtain poetic licenses?
Answer From the DMV, the Department of Metrical Verse

Po-Joke #19
Question When is a carpenter with a 2x4 like a poem?
Answer When he's a sawin' it

Po-Joke #20
Question What do you get when you combine Robert Frost and James Bond?
Answer The Road Not Shaken but Stirred.

Po-Joke #21
Question What's big and gray and writes poetry?
Answer T.S. Elephant

Po-Joke #22
Question What's a Grecian Urn?
Answer About twenty thousand drachmas a year after taxes

Po-Joke #23
Question Why was John Keats always hounded by creditors?
Answer Because he Ode so much

Po-Joke #24

A nurse is giving a young medical intern a tour of the hospital.

The intern approaches one bedridden patient and asks, "Why are you here?" The patient replies, "Wee sleket cowerin timmrous beastie/O what a panic is in thy breastie."

The intern moves on to the next bed and asks the same question. "Why are you here?" The patient answers, "O my luv is like a red, red, rose that's newly sprung in June."

The intern moves on to a third bed and asks again. "Why are you here" to which the third patient replies, "The best laid plans of mice and men may often gang awry."

At this the intern turns to the nurse and asks "What ward is this anyway?" And the nurse answers "It's the Burns Unit."

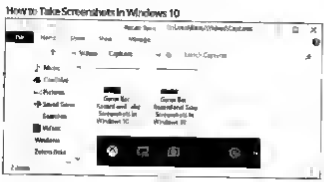
How to Take Screenshots in Windows 10



A screenshot is a image taken of whatever's on your screen. Today we're going to show you how to take a screenshot in Windows.

You can take a screenshot on just about any platform, and Windows is no different. It has a built-in option that works great for basic tasks, but many third-party programs offer more ways of use and features. In this article I'll show you a few different ways to take a screenshot in Windows 10.

Method One: Take Quick Screenshots with Print Screen (PrtScn)

The Print Screen button on your keyboard can take a screenshot and save it as a file, take a screenshot without saving it as a file, or take a screenshot of only one window instead of the whole screen. The print screen button may be labeled as "PrtScn", "PrntScrn", "Print Scr", or something similar. On most keyboards, the button is usually found between F12 and Scroll Lock. On laptop keyboards, you may have to press the "Function" or "Fn" key to access the Print Screen feature. When you press the key, it will look like nothing happened, but the screenshot has been saved to your clipboard.

To Save Your Screenshot as a File

Press the "Windows logo key + PrtScn." If you're using a tablet, press the "Windows logo button + volume down button." On some laptops and other devices, you may need to press the "Windows logo key + Ctrl + PrtScn" or "Windows logo key + Fn + PrtScn" keys instead. Check your laptop's manual for more information.

The screen will dim for a moment, and you will see the screenshot appear as a file in a folder entitled "Screenshots" inside your default "Pictures" folder. The screenshots automatically labeled with a number

Fax Test Report

HP Fax

Jan-29-2016 2:32pm

The fax detects an active telephone line	Fail

An active phone line was not detected.

Please check the items below and then rerun this test

HP recommends using the telephone cord that came with the product

Verify that the fax cord is securely connected between the telephone jack and the product (or another device that is connected to the product)

Disconnect the product from the jack in the wall and then connect a telephone to the jack. Try to make a voice call to verify that the telephone line is working

Connect the product to a different phone line

Try a different phone cord

Remove any phone line splitters that are in use

Ensure that a filter is installed if using DSL

Instructions on how to rerun this test
Step 1 Press the [Setup] button
Step 2 Select "Service"
Step 3 Select "Fax Service"
Step 4 Select "Run Fax Test"

Active Reading

Section: Cellular Respiration

Read the text below. Then answer the questions that follow.

In the first stage of cellular respiration, glucose is broken down in the cytoplasm during a process called glycolysis. Glycolysis is an enzyme-assisted anaerobic process that breaks down one six-carbon molecule of glucose to two three-carbon molecules of pyruvate. A molecule has lost or gained one or more electrons is called an ion. Pyruvate is the ion of a three-carbon organic acid called pyruvic acid. The pyruvate molecules produced during glycolysis still contain some of the energy that was stored in the original glucose molecule.

SKILL: READING EFFECTIVELY

Read each question, and write your answer in the space provided.

1. What relationship exists between the cytoplasm of a cell and glycolysis?

Glycolysis occurs in the cytoplasm.

2. Glycolysis is described as an anaerobic process. What does that mean?

It does not require oxygen.

3. What happens to a six-carbon molecule of glucose during glycolysis?

It is broken down into two three-carbon molecules of pyruvate.

4. What is the source of the energy contained in the pyruvate molecules produced during glycolysis?

The energy comes from glucose.

5. In the space provided, write the letter (A, B, C, or D) of phrase that best answers the question.

D 5. Which of the following is a product of glycolysis?

A. two three-carbon molecules called pyruvate

B. two molecules of glucose

C. oxygen

D. pyruvate and ATP

Speed Dialing

Speed Dialing creates a number that is stored in the phone's memory. Speed Dialing can be used to store frequently dialed numbers. Automatic Dialing stores the last number dialed.

1

2

Chain Dialing

There are several ways to dial a number using Speed Dialing.

Simply press the appropriate Speed Dial key. For example, to dial Rapid Key 1, press SPEED DIAL and then 1.

- To use Speed Dialing, you must first program the Speed Dial numbers. To program a Speed Dial number, press SPEED DIAL, the Rapid Key you want to program, and then the number you want to dial. Finally, press START/COPY.
- You can also enter a number to dial using Speed Dialing. To do this, press SPEED DIAL, the Rapid Key you want to dial, and then START/COPY. Speed Dialing will not work for a Rapid Key when you want to dial a number that hasn't been stored for that Rapid Key or when you want to dial a number that has been stored for a different Rapid Key. To dial a number that has been stored for a different Rapid Key, press STOP/CLEAR before entering the Rapid Key you want to dial.

Answer the questions in the space provided.

1. How do you program the Speed Dial numbers?

2. How do you dial a number using Speed Dialing?

3. What is the difference between Speed Dialing and Chain Dialing?

4. What is the difference between Speed Dialing and Automatic Dialing?

5. What is the difference between Speed Dialing and Automatic Dialing?

The Real Facts About Vitamin E and Prostate Cancer

Posted: 11/1/2011 3:53 pm

Does taking vitamin E increase your risk of prostate cancer? If you have seen the new study published in the *Journal of the American Medical Association (JAMA)* about the extended findings of the SELECT trial which stated that vitamin E can increase the risk of prostate cancer, don't panic. There are some important things you should know about the study and about vitamin E, before you throw away your vitamin E supplements. The facts about vitamin E are:

- There are eight forms of vitamin E (see below) they are not all the same and evidence to date has shown some forms can help with prevention of prostate cancer.

- The SELECT study used only one form of vitamin E -- alpha-tocopherol -- which research indicated years before the SELECT trial even began to be ineffective at preventing prostate cancer unless it was used along with another form of vitamin E, gamma-tocopherol.

- The gamma-tocopherol form of vitamin E was shown to be effective at reducing the risk of prostate cancer by researchers at Johns Hopkins School of Public Health before the SELECT trial began.

- Research from 1994 found that alpha-tocopherol kills cells of gamma-tocopherol which is the form of vitamin E that offers more protection against prostate cancer.

- Limited studies of the tocotrienol forms of vitamin E have indicated they may also offer some protection against prostate cancer.

Therefore to state that vitamin E increases the risk of prostate cancer without explaining the limitations of the study -- including the fact that SELECT used only one form of vitamin E -- is a misrepresentation of what scientists and researchers have discovered about vitamin E and prostate cancer to date.

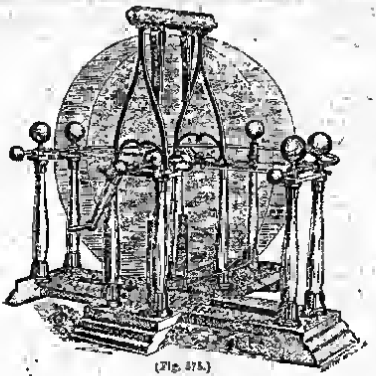
ELECTRICAL MACHINES



(Fig. 567.)

Holtz's Plate Electrical Machine, Made for the University of Mississippi, at Oxford.—See § 887.

883. **The electrophorus.**—Any apparatus by which electrical phenomena may be obtained at pleasure, is an electrical machine. The simplest apparatus of this sort is Volta's *electrophorus*, or carrier of electricity, invented in 1775.

568 569

A cake of resin, or a disk of vulcanized india-rubber, or gutta percha, eight or ten inches in diameter, is excited by a fur or warm flannel and a smaller disk of brass, or tin plate (with rounded edges), is placed on it by an insulating handle. Touch the upper surface of the metallic disk with the finger (fig. 568), in order to allow the escape to the common reservoir (315) of the negative electricity, resulting from the decomposition of the neutral fluid in the metallic plate by the excited resin. Now removing the finger, raise the disk by the

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere.

Bishop of Trenton

NORTH AMERICAN POWER SIGN UP BONUS REBATE FORM

Thank you for becoming a customer of North American Power. By enrolling with North American Power as a first time electric or gas customer between August 11, 2012 and December 31, 2012, you are eligible to receive a $50 rebate from us. Additionally, if you have enrolled with North American Power for both electric and gas during that time, you may also be eligible to receive an additional $50 rebate – a total of up to $100 for you to enjoy!

To receive your rebate check, simply fill out and print this rebate form and submit to North American Power **along with a copy of your first month's bill showing North American Power and Gas LLC listed as your supplier**. See below for details. +

Customer Name: _____
(First/Last or Company Name as it appears on the bill)

Address: _____

City: _____

State/zip: _____

Email: _____

Phone: _____

Signature: _____

Send completed form and copy of utility bill to:
North American Power
ATTN: Rebate Offer
20 Glover Avenue
Norwalk, CT 06850

Power for change.
North American Power

+ To be eligible for the rewards referenced in the customer flyer, "Signing a new account with North American Power & Gas, LLC", you must be a new enrollment dated between August 11, 2012 and December 31, 2012, and must submit a copy of the first month's utility bill for the applicable account showing North American Power and Gas, LLC as your supplier within 60 days of the date of customer's first invoice from Public Service Electric & Gas Company. To receive your rebate check, you must purchase a minimum average consumption during the 45 day credit processing period. Limit one rebate per account per customer. Total electric customer rebate is $50 per customer. If submitting a request as a customer of record and you are North American Power customer's referral, one rebate check will be sent to the referral of the person. The name and address on the rebate check will be the name and address on the bill submitted. Renewals, re-enrollments, solicitations, and employees are not eligible. Rebate forms will only be accepted via USPS mail. Rebate forms postmarked after the expiration date will not be processed. Please allow up to 45 days for processing of the rebate form and issuance of the rebate check. No resale products will be valid for 90 days. Void where prohibited by law.

HP Fax Products - Testing Your HP Fax Machine with the HP Fax Test Service

Introduction
This document will assist you in testing your HP Fax machine using the HP Fax Test Service

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine
To test the capability of your fax machine follow the directions below

Verify

Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

Perform

Whenever troubleshooting a fax issue, it is good practice to set the ***Automatic Reports*** option to **Every Error** before attempting a test fax. This way, even if the test fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products; consult the product *User's Guide* for specific steps.

1. Send a one page black and white test fax to **1-866-hpfaxme** (1-866-473-2963)
2. When your fax is received by the HP Test Fax Service we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

Solve

The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also ensure that the fax header contains the full 10-digit telephone number of the fax machine including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

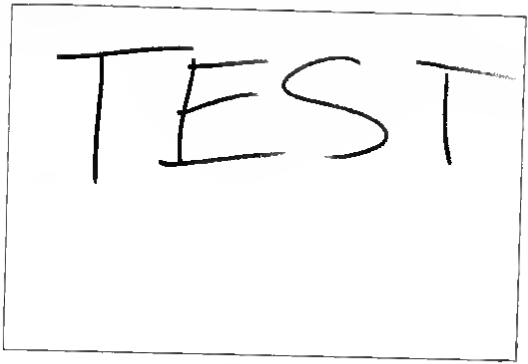
EXTRA TIME?

Sketch your favorite artifact or object you saw to remember when you go back to school



1.2. Frugal install

Frugal is the typical install, too much id for Tiny Core. That is it is not a traditional hard drive installation which we call "scatter mode" because all the files are scattered all about the disk. With frugal, you basically have the system in two files vmlinuz and core.gz, whose location is specified by the boot loader.

Any user files and extensions are maintained outside the base OS

Transcription Style Guide

Rev 2/08

Why can't I send or receive T.38 faxes using the res_fax modules with an Open Source Asterisk 1.4 release?

The Open Source Asterisk 1.4 releases do not support T.38 Termination. If you need T.38 Termination support with an Open Source Asterisk release, you must use an Open Source Asterisk 1.6 (or later) release.

If I am using an Open Source Asterisk 1.4 release, which version of Open Source Asterisk is recommended?

Digium recommends using Open Source Asterisk 1.4.22 or newer. Versions prior to 1.4.22 have not been tested.

If I am faxing over TDM, which version of DAHDI is recommended?

Digium recommends using DAHDI 2.1.0.3 or newer. Versions prior to 2.1.0.3 have not been tested.

What are the compatibility differences between res_fax and SpanDSP-based modules?

See sections *A.2* and *A.3* for more information.

How do I create a TIFF file?

There are many tools to create a TIFF file. One of the most common is the ghostscript utility available from *http://www.ghostscript.com*.

Using the command-line ghostscript utility, a Letter-size (8.5" x 11") PDF can be converted to a TIFF file using the following command:

```
# gs -q -dNOPAUSE -dBATCH -sDEVICE=tiffg4 -sPAPERSIZE=letter
-sOutputFile=<dest-tiff> <src-pdf>
```

To create a TIFF from an A4-size (210mm x 297mm) PDF file, use the following command:

```
# gs -q -dNOPAUSE -dBATCH -sDEVICE=tiffg4 -sPAPERSIZE=a4
-sOutputFile=<dest-tiff> <src-pdf>
```

When PDF files are created by document scanners, they are sometimes created with a larger-than-standard paper size, e.g. 8.6" x 12". In these cases, ghostscript does not adjust

Just a note

opération enfant soleil

Tendez la main

Déjà 25 ans qu'Opération Enfant Soleil en consacre à la cause des enfants malades avec l'appui de ses nombreux et généreux partenaires. Les fonds recueillis nous permettent de soutenir le développement d'une pédiatrie de qualité et contribuer à la réalisation de projets d'intervention sociale pour tous les enfants du Québec.

À ce jour, c'est plus de 160 millions qui ont été remis aux quatre grands centres pédiatriques du Québec, à des organismes ainsi qu'à des centres hospitaliers régionaux.

Joignez-vous à la chaîne de solidarité d'Opération Enfant Soleil pour les enfants !

Quoi ? La grande chaîne de solidarité pour les enfants vous invite à relever le défi d'inviter un maximum de gens à se joindre à vous. Parce qu'ensemble nous sommes plus forts, par un simple don ou par la chaîne.

Quand ? Dès aujourd'hui jusqu'au 7 du mois de juin 2015.

Comment ? Invitez collègues, clients, parents et amis à rejoindre la chaîne de solidarité. Opération Enfant Soleil vous fournira gratuitement tous les outils utiles à cette campagne. Fixez votre objectif et publicisez-la (un site dédié en ligne est mis à votre disposition) à l'adresse suivante : http://dons.operationenfantsoleil.ca/Default.aspx. Attachez votre petit « bonhomme » de la chaîne, inscrivez y votre nom et permettez à la solidarité de grandir.

Matériel fourni ? Nous vous fournirons les outils « bonhommes », les affiches à disposer pour en faire la promotion auprès des employés et de la clientèle et le tour est joué !

En participant à cette campagne, vous courrez la chance de remporter **une fin de semaine VIP** pour deux personnes incluant l'hébergement lors du ***Téléthon Opération Enfant Soleil les 6 et le 7 juin prochain*** au Pavillon de la Jeunesse (cela Expo Québec) de Québec.

Parce que les petits miracles n'arrivent pas seuls…
Merci de faire partie de notre chaîne de solidarité

Life, so they say
Is but a game and they'd let it slip away
Love, like the autumn sun
Should be dyin' but it's only just begun

Like the twilight in the road up ahead
They don't see just where we're goin'
All the secrets in the universe whisper in our ears
All the years come and go, take us up always up

We may never pass this way again
We may never pass this way again
We may never pass this way again

Dreams, so they say
Are for the fools and they let 'em drift away
Peace, like the silent dove
Should be flyin but it's only just begun

Like Columbus in the olden days
We must gather all our courage
Sail our ships out on the open seas cast away our fears and
All the years come and go take us up, always up

We may never pass this way again
We may never pass this way again
We may never pass this way again

So I wanna laugh while the laughin' is easy
I wanna cry it makes it worthwhile
I may never pass this way again
That's why I want it with you

'Cause you make me feel like I'm more than a friend
Like I'm the journey and you're the journey's end
I may never pass this way again
That's why I want it with you

We may never pass this way again
We may never pass this way again
We may never pass this way again
We may never pass this way again

UNREGULATED TERMS OF SERVICE — FOR CONSUMERS

1. Agreement These terms and conditions ("**Terms of Service**") set out the rights, obligations and limitations of Bell Canada ("**Bell**") and you, the "**Customer**", for the Bell Services (defined below). If you are located in the territory served by Bell Aliant Regional Communications LP ("**Bell Aliant**"), Bell Aliant will provide the Bell Services in which case these terms and conditions shall apply to you and Bell Aliant, and references herein to **Bell** will mean Bell Aliant.

These Terms of Service, together with: (a) any pre-authorized payment authorization form; your invoice for the Bell Services and terms listed therein; (b) all applicable Bell Services specific terms or other documents referred to in these Terms of Service or located at the URLs specified in these Terms of Service, or on which you may be directed when you order or use the Bell Services; (c) any order form or verification of order form; and (d) terms and conditions from Bell's relevant tariffs for services which are no longer mandated by the Canadian Radio-television and Telecommunications Commission ("**CRTC**") to the extent they are not modified and/or replaced by these Terms of Service ("**Documents**") each as they may be amended or provided to you from time to time, all to the extent permitted by applicable law form Bell's agreement with you ("**Agreement**"). To the extent of any conflict or inconsistency between the Documents and these Terms of Service the Terms of Service shall prevail. Terms and conditions mandated by the CRTC shall prevail over the Terms of Service.

You are solely responsible for the use of the Bell Services by you and other users, including for all calls originating from your telephone(s) as well as for all charged calls accepted at your telephone(s) regardless of who made or accepted them. You shall: (a) take all necessary measures to ensure that the Bell Services are used in accordance with this Agreement; and (b) be liable for all consequences resulting from any breach of this Agreement.

ordering your Bell Services. See www.bell.ca/homephone for the list of current Bell Services and service descriptions.

The Agreement applies to all current and future Bell Services you obtain from Bell as listed on your invoice and, to the extent permitted by applicable law, your access and use of such current and future Bell Services constitutes your acceptance of all the terms of the Agreement, with no additional sign as or other evidence of agreement required to be delivered to you.

2. Charges, Billing & Payment You agree that the Bell Services are being provided to you subject to your payment of, and you shall pay all applicable monthly service rates, access fees, usage charges, installation fees and/or activation fees, reactivation or reconnection fees, any administrative fees and other amounts, fees and charges, if any, together with all applicable taxes indicated to you upon placing your order for the Bell Services, noted on your invoice or as otherwise identified to you by Bell from time to time, all to the extent permitted by applicable law (collectively "**Charges**"). For current rates and fees, go to www.bell.ca/homephone. Unless otherwise specified on your Bell invoice: (a) all Bell Services are billed monthly; and (b) Charges will begin accruing and will be billed to you from the date of initial activation of the Bell Services, and you are responsible for and shall pay Bell all invoiced Charges when due. A late payment charge at the rate of 3% per month (42.58% per annum), which rate is subject to change by Bell from time to time, will be applied from the bill date when payment has not been received by Bell before the following bill date.

Bell may bill you for any Charge up to 12 months from the date the Charge was incurred. If you question or dispute any Charge, you must do so within **90 days** of the disputed invoice date; otherwise, you shall be deemed to accept all Charges. Unless otherwise indicated on your invoice, disputed Charges will not be considered past due

How Not to Get a Job

By ALLAN RIFF JULY 7, 2017

What do a fragrance designer, New York City cop, bed-and-breakfast manager and youth hockey coach have in common?

Each of them recently applied for an account director position at my public relations firm, along with 500 others whose experience and skill sets ranged from vaguely on-point to off-the-charts irrelevant. Auto collections manager? Home health aide? Visual merchandiser? Count them all in.

It's not that my postings on Indeed, LinkedIn and other career sites weren't explicit in outlining desired qualifications. I added instructions urging candidates to contact us only if they had backgrounds in journalism, P.R. or law. There was nothing to suggest I was looking for a fiscal benefits analyst, emergency medical technician or brand ambassador, but they showed up anyway.

In part, the disconnect stems from a revved-up labor market that encourages job hopping and inflated credentials. It also reflects the vast online jobs marketplace where restless applicants shoot off their résumés like one of those T-shirt cannons at a football stadium, firing without aiming. Not a single candidate bothered to look us up and refer to what we do in the cover note. Instead, they all invoked grand boilerplate statements meant to impress the hiring gods.

THAT'S WHAT SHE SAID

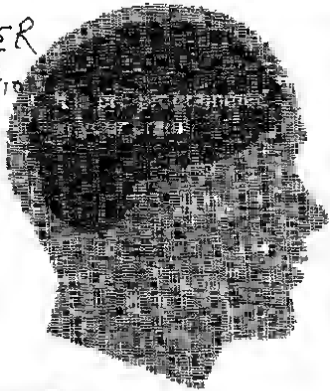
Hello

HOW SMART IS YOUR RIGHT FOOT?

HIGHER RESOLUTION "PHOTO"



Try out this....

This is a weird test. You have to try this. It is absolutely true. I promise. Here, are some things that the brain cannot handle

Now here is try this please. It takes ten seconds
I could not believe this!
It is from an osteopathic surgeon
This will confuse yourmind and you will keep trying over and over again
To see if you can outsmart your foot, but you can't. It is pre-programmed in your brain!

1. Obtain a piece of paper and pencil
2. Sit on a chair, cross your right foot over the left foot and rotate clockwise or anti-clockwise
3. Now, while doing this, draw the number 6 in the air with your right hand. Your foot will change direction!

I told you so! And there's nothing you can do about it. You and I both know how funny it is. But before the day is done you are going to try it again, it will be too amusing to not

Testing Your HP Fax Machine with the HP Fax Test Service

Support details

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page

Test your fax machine

To test the capability of your fax machine follow the directions below.

NOTE: Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE: Whenever troubleshooting a fax issue, it is good practice to set the *Automatic Reports* option to **Every Error** before attempting a test fax. This way, even if the sent fax fails, an error report will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product User's Guide for specific steps.

1. Send a one page black and white test fax to **1-888-hpfaxme** (1-888-473-2963)
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine including the area code

For more information on assistance, click on **Home** at the top of this page

Follow the Starr Track to Career Success!

Freshmen: Explore your space

- Make new friends. Joining a student club is a great way to do this.
- Learn what Baruch College has to offer. Check out the Athletics and Recreation Complex (ARC), the Baruch Performing Arts Center (BPAC), the Office of Student Life, SACC (tutoring), and the Newman Library.
- Familiarize yourself with the Baruch website for information and listings of events: www.baruch.cuny.edu.
- Check out the Starr Career Development Center (SCDC) website for helpful info on majors, jobs, internships, and workshops: www.baruch.cuny.edu/career.
- Join the SCDC's online database so you can browse and apply for part-time jobs and internships.
- Consider summer volunteer work or internships to expand your horizons and your resume.
- Visit the Starr Career Development Center to learn about how we can help you.

Sophomores: Chart your course

- Attend a Career Discovery workshop or make an appointment for individual career counseling to explore your options as you declare your major(s) of choice.
- Familiarize yourself with the SCDC website and SCDC library.
- Participate in writing a great resume at a resume-writing workshop and/or have your resume reviewed by an SCDC staff member.
- Participate in the Job and Internship Fairs by attending interviewing and job search–related workshops.
- Start applying for summer internships in late fall.
- Gain career clothing by buying internships and part-time jobs. Go to the Internship Fair.
- Visit the Major and Minor Exploration Module.
- Speak to professors, academic advisors, and/or career counselors to get more detailed information about your field of study.

Juniors: Implement your plan

- Get leadership experience by [illegible] a student club officer.
- Study abroad for a year, [illegible] international experience.
- Apply for the [illegible] Program (FLP) or Global Student Certificate Program.
- Attend [illegible] workshops.
- [illegible] your skills.
- [illegible] Fair, and Career Days.
- [illegible] workshops related to your major and career aspirations.
- [illegible] between your junior and senior years to give you a head start toward obtaining graduate [illegible].
- [illegible] On-Campus Recruiting (OCR) workshop prior to senior year.
- [illegible] the SCDC for further assistance.

Seniors: Launch your career

- [illegible] On-Campus Recruiting (OCR), a program in which companies come to Baruch College to [illegible] for jobs after graduation.
- [illegible] in a Mock Interview to further fine-tune your skills.
- [illegible] Career Days in the fall and spring semesters.
- [illegible] more about specific companies at Corporate Presentations and Information Sessions.
- Identify interesting positions and companies in your field.
- Visit company websites before you interview with them.
- Be knowledgeable about the economy and current events.
- Research graduate school programs and begin the application process by the fall semester of your senior year.

LEASING THE SIMPLEXGRINNELL WAY

Gaining the benefits of the industry's most reliable fire and life-safety systems is just part of the total SimplexGrinnell solution.

The other part is financial. SimplexGrinnell has a dedicated group of professionals on-board whose mission is to lessen the demands on your capital while helping you acquire the equipment and services you need as painlessly as possible.

Flexible, total financing

Working with SimplexGrinnell Financial Services, you avoid expensive, complicated leases. At the same, you receive flexible 100% financing for your project. Leasing the SimplexGrinnell Way is so flexible and user-friendly, it can cover everything: equipment, installation, maintenance, monitoring and training. SimplexGrinnell can even schedule your payment structure according to your needs, whatever your project size.

Solutions that really work for you

Leasing the SimplexGrinnell Way expands your credit, while allowing your regular credit sources to rest. What's more, you can acquire exactly the technology you need right now, instead of settling for less or doing without.

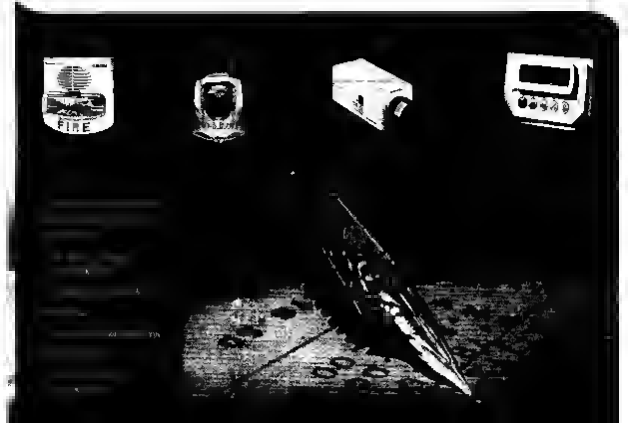
Upgrade financing

Best of all, you'll never be caught behind the times. Because with SimplexGrinnell, you can finance a system upgrade with a simple one-page lease document.

When you add it all up: Leasing the SimplexGrinnell Way can help you get the best that SimplexGrinnell has to offer without straining your precious capital.

SimplexGrinnell Financial Services.

Financing the systems that protect people, property and peace of mind.



Dear Subway Inc.,

Your cheese slices are shaped like this:

fig1 isosceles cheese

This is great because it allows you to tessellate the cheese across the sandwich like this:

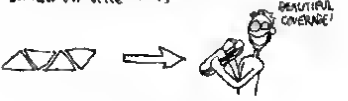


fig2. life worth living

However, you guys never do this. Instead, you always arrange your cheese like this:

fig3 soul-crushing disappointment

Please stop doing it like that

Thank you,
drewmo

Buckwheat Zydeco

From Wikipedia, the free encyclopedia

Buckwheat Zydeco is the stage name of **Stanley Dural, Jr** (born November 14, 1947) an American accordionist and zydeco musician. He is one of the few zydeco artists to achieve mainstream success. His music group is formally billed as **Buckwheat Zydeco and His Son Partis Band**, but often they perform as merely *Buckwheat Zydeco*.

The *New York Times* says "Stanley 'Buckwheat' Dural leads one of the best bands in America. A down home and high-powered celebration, meaty and muscular with a fine tuned sense of dynamics ... propulsive rhythms incendiary performances."[1] *USA Today* calls him "a zydeco trailblazer."[2]

Buckwheat Zydeco has performed with a large number of famous musicians from Eric Clapton (with whom Buckwheat also recorded) and U2 to The Boston Pops. The band performed at the closing ceremonies of the 1996 Summer Olympics to a worldwide audience of three billion people. Buckwheat performed for President Clinton twice, celebrating both of his inaugurations. The band has appeared on the *Late Show with David Letterman*, *CNN*, *The Today Show*, *MTV*, *NBC News*, *CBS Morning News*, National Public Radio's *Weekend Edition*.

Buckwheat Zydeco

Buckwheat Zydeco playing on the main stage at the 2006 Festival International de Louisiane

MONOPOLY

Parker Brothers Real Estate Trading Game

In 1934 Charles B. Darrow (Germantown, Pennsylvania) presented a game called MONOPOLY to the executives of Parker Brothers. Mr. Darrow, like many other Americans was unemployed at the time and often played this game to amuse himself and friends. It was the game's exciting promise of fun and fortune that initially prompted Darrow to present this game to his friends.

With help from a friend who was a printer, Darrow sold 5,000 sets of the MONOPOLY game to a Philadelphia department store. As the demand for the game grew, Darrow could not keep up with the orders and arranged for Parker Brothers to take over the game.

Since 1935 when Parker Brothers acquired the rights to the game it has become the leading proprietary game not only in the United States but throughout the Western World. As of 1994 the game is published under license in 13 countries and in 26 languages, in addition, the U.S. Spanish edition is sold in another 11 countries.

OBJECT The object of the game is to become the wealthiest player through buying, renting and selling property.

EQUIPMENT The equipment consists of a board, 2 dice, tokens, 32 houses and 12 hotels. There are Chance and Community Chest cards, a Title Deed card for each property and play money.

PREPARATION Place the board on a table and put the Chance and Community Chest cards face down on their allotted spaces on the board. Each player chooses one token to represent him/herself while traveling around the board.

Each player is given $1500 divided as follows: 2 each of $500's, $100's and $50's, 6 $20's, 5 each of $10's, $5's and $1's.

All remaining money and other equipment go in the Bank.

BANKER Select as Banker a player who will also make a good Auctioneer. A Banker who plays in the game must keep his/her personal funds separate from those of the Bank. When more than five persons play, the Banker may elect to act only as Banker and Auctioneer.

THE BANK Besides the Bank's money, the Bank holds the Title Deed cards and the houses and hotels prior to purchase and use by the players. The Bank pays salaries and bonuses. It sells and auctions properties and hands out the appropriate Title Deed cards; it sells houses and hotels to the players and loans money when required on mortgages.

The Bank collects all taxes, fines, loans and interest, and the price of all properties which it sells and auctions.

The Bank never "goes broke." If the Bank runs out of money, the Banker may issue as much more as may be needed by writing on any ordinary paper.

Plasti-Fab

PlastiSpan Flotation Billets

Floating Dock or Marina

Plasti-Fab PlastiSpan flotation billets can be used as a flotation medium for a variety of designs for docks and marinas.

The following docks and marinas descriptions are typical for this type of construction. For information on the design and construction of floating structures using our Plasti-Fab systems "Buoyancy Systems, Selection, Application and Specification", floating dock or marina construction is designed to be located in a calm, protected area, where severe wave action can break up docks or marinas. For more durable structures build docks and marinas in sections and join with pivoting end rods, with extra attention paid to anchors or piles. Where more severe conditions are likely to be encountered, contact a Plasti-Fab representative for construction alternatives.

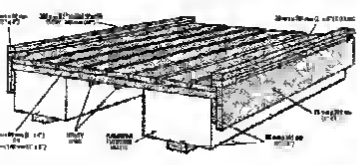
Description

Docks are usually built 1.8 metres (6'0") wide. However, this can also be changed as the need arises. Ramps should be used to connect water docks.

Dock length may be up to several hundred feet or more. This can be created at intervals either by piles to be fastened anchors to the shore or the bottom.

The dock is designed to be built on the above section with the exception of the 38 mm x 235 mm (2" x 10") outer frame and the top rail.

When construction is completed on above the water line, the finished dock should be even with the 38 mm x 235 mm (2" x 10") outer frame to which has been attached the pipe supported by flotation billets. The rail is the last to be added.



Construction

Safety

Use caution when working on docks.

Children, adults and dog owners should be notified of the dangers of boating on docks from non-swimming areas.

Caution on a attachment height of section on which to hold the dock and check at the method of anchoring billets. (see Page 3 of the Plasti-Fab brochure "Buoyancy Systems, Selection, Application and Specification")

Framing

Lay out 38 mm x 140 mm (2" x 6") members on edge of a flat area, equal to the desired width of the dock, as in Figure 1.

Cut inner members to size and install 38 mm x 140 mm (2" x 6") members on 600 mm (24") centres to form ends of the dock. Place diagonal bracing to complete the section frame.

Billets

Place billets in frame by one of the methods shown on page 4 of the Plasti-Fab brochure "Buoyancy Systems, Applications and Specification."

Decking

Nail decking over top of cross members on 90° angle, with edge of each flat on the outer edge of the 38 mm x 140 mm (2" x 6") frame.

OR

Leave decking off until dock is in position. Nail decking on after the raft is assembled, with staggered joints to make a stronger dock.

OR

Nail decking on at edges with corresponding slot cut out to allow installation of utility pipe.

ODOMETER DISCLOSURE STATEMENT

Federal law (and State law, if applicable) requires that you state the mileage upon transfer of ownership. Failure to complete or providing a false statement may result in fines and/or imprisonment.

Selling individuals and purchasing individuals who are not licensed dealers are also required by the Federal Truth-in-Mileage Act of 1986 to disclose the odometer reading of a vehicle upon transfer.

I, _____ state that the odometer now reads

_____ miles and to the best of my knowledge it reflects the actual mileage

of the vehicle described below unless one of the following statements is checked:

_____ I hereby certify that to the best of my knowledge the odometer reading reflects the amount of mileage in excess of its mechanical limits.

_____ I hereby certify that the odometer reading is NOT the actual mileage.

U.S. S Corporation Income Tax Declaration for an IRS *e-file* Return

File electronically with the corporation's tax return. Do not file paper copies.

For calendar year 2010, or fiscal year beginning Jan 1, 2010 ending Dec 31, 2010

OMB No. 1545-1867

2010

Name of corporation

cuby dan remodeling + repair, inc.

Employer identification number

26-1886122

Part I Tax Return Information (Whole dollars only)

1	Gross receipts or sales less returns and allowances (Form 1120S, line 1c)	1	104,111.
2	Gross profit (Form 1120S, line 3)	2	101,311.
3	Ordinary business income (loss) (Form 1120S, line 21)	3	13,480.
4	Net rental real estate income (loss) (Form 1120S, Schedule K, line 2)	4	
5	Income (loss) reconciliation (Form 1120S, Schedule K, line 18)	5	13,480.

Part II Declaration of Officer (see instructions) **Be sure to keep a copy of the corporation's tax return.**

8a ☐ I consent that the corporation's refund be directly deposited to an account at a financial institution designated by the corporation for payment of the corporation's federal taxes owed on this return, and the financial institution to debit the entry to this account. To revoke a payment, I must contact the U.S. Treasury Financial Agent at **1-888-353-4537** no later than 2 business days prior to the payment (settlement) date. I also authorize the financial institutions involved in the processing of the electronic payment of taxes to receive confidential information necessary to answer inquiries and resolve issues related to the payment.

b ☒ I do not want direct deposit of the corporation's refund or the corporation is not receiving a refund.

c ☐ I authorize the U.S. Treasury and its designated Financial Agent to initiate an electronic funds withdrawal (direct debit) entry to the financial institution account indicated in the tax preparer software for payment of the corporation's federal taxes owed on this return, and the financial institution to debit the entry to this account. To revoke a payment, I must contact the U.S. Treasury Financial Agent at **1-888-353-4537** no later than 2 business days prior to the payment (settlement) date. I also authorize the financial institutions involved in the processing of the electronic payment of taxes to receive confidential information necessary to answer inquiries and resolve issues related to the payment.

If the corporation is filing a balance due return, I understand that if the IRS does not receive full and timely payment of its tax liability, the corporation will remain liable for the tax, as well as all applicable interest and penalties.

Under penalties of perjury, I declare that I am an officer of the above corporation and that the information I have given my electronic return originator (ERO), transmitter, and/or intermediate service provider(s) and the amounts in Part I above agree with the amounts on the corresponding lines of the corporation's 2010 federal income tax return. To the best of my knowledge and belief, the corporation's return is true, correct, and complete. I consent to my ERO, Paid Preparer, and/or *e-file* sending the corporation's return, this declaration, and accompanying schedules and statements to the IRS. I also consent to the IRS sending my ERO, transmitter, and/or ISP an acknowledgment of receipt of transmission and an indication of whether or not the corporation's return is accepted and, if rejected, the reason(s) for the rejection. If the IRS delays or when the refund was sent.

Part III Declaration of Electronic Return Originator (ERO) and Paid Preparer (see instructions)

I declare that I have reviewed the above corporation's return and that the entries on Form 8453-S are complete and correct to the best of my knowledge. If I am only a collector, I am not responsible for reviewing the return and only declare that this form accurately reflects the data on the return. The corporate officer will have signed this form before I submit the return. I will give the officer a copy of all forms and information to be filed with the IRS, and I have followed all the requirements in **Pub 3112**, IRS *e-file* Application and Participation, and **Pub 4163**, Modernized *e-file* (MeF) Information for Authorized IRS *e-file* Providers for Business Returns. I will also give the Paid Preparer (under penalties of perjury) a declaration that I have examined the above corporation's return and accompanying schedules and statements, and to the best of my knowledge and belief, they are true, correct, and complete. This Paid Preparer declaration is based on all information of which I have any knowledge.

FAQs & Troubleshooting

Date: 04/05/2014 ID: faq00100988_015

I'm using MagicJack and am having problems sending or receiving faxes.

MagicJack is a Voice over Internet Protocol (VoIP) based service that you can use with your high-speed Internet connection.

Brother does not support the use of its fax machines and Multifunction Centers with MagicJack.

For information about connecting your Brother machine to MagicJack, click here.

If you want to use your Brother machine to send and Brother faxes over MagicJack, we recommend you Brother MagicJack and ask them which Brother speed they recommend for faxing.

Set the Brother machine's modem speed to their recommendation by following steps above.

1. Press [redacted][Settings].
2. Press the **Up** or **Down** arrow key to display **Initial Setup**.
3. Press **Initial Setup**.
4. Press the **Up** or **Down** arrow key to display **Compatibility**.
5. Press **Compatibility**.
6. Press the Brother speed you want to use.

   You can choose **High**(For some models), **Intermed** or **Basic (for VoIP)**

   High sets the machine's modem speed at 33,600 bps. (For some models)
   - **Intermed** sets the machine's modem speed at 14,400 bps.
   - **Basic (for VoIP)** sets the machine's modem speed at 9,600 bps.

   When you change the compatibility to Basic(for VoIP), your Brother machine's Error Correction Mode (ECM) is turned off when sending or receiving black and white faxes. ECM cannot be turned off for used faxing.

7. Press [redacted][Close].

For more information about using VoIP to send and receive faxes click here

Thank you for printing our content at www.fuzya.com.

To change fax confirmation
1. Press Setup.
2. Press Fax, Report, and then Fax Confirmation.
3. Press the right arrow button to select one of the following, and then press OK.

Off—Does not print a fax confirmation report when you send and receive faxes successfully.* This is the default setting.

On Fax Send—Prints a fax confirmation report for every fax you send.
On Fax Receive—Prints a fax confirmation report for every fax you receive.
Send & Receive—Prints a fax confirmation report for every fax you send and receive.

Mar 24 2016 5:52PM

Fax Hardware Test
Fax Connected to Active Telephone Wall Jack

PASS
FAIL

An active phone line was not detected

Please check the items below then rerun this test.

Check the phone cord connection between the wall jack and the fax.

The phone cord from the wall jack should be connected to the port labeled "1-LINE" on the back of your HP device

If you are using a splitter or some other device between the fax and the wall jack, remove it and connect the fax directly to the wall jack

Plug your phone into the wall jack and check that a dial tone is available

Check that you are using the phone cord supplied with your HP device

Refer to your User Guide for more information on the fax test and settings

Instructions on how to rerun this test:
Step 1 Press the "Fax" button
Step 2. Choose the "Setup" menu
Step 3 Choose the "Tools" menu
Step 4 Choose the "Test" menu

RAPPORT DE CONTROLE DE TRANSMISSION

THUYSI

La differenza tra le rotazioni ai due estremi della trave è pertanto $\vartheta(0)-\vartheta(L)=-\frac{2\,\alpha\,\Delta T\,L}{h}$ tenendo presente i versi positivi per le rotazioni. Ora è possibile scrivere le relazioni di

Congruenza degli spostamenti.

$$\begin{cases}\vartheta_4-\vartheta_1=\dfrac{M_1\,L}{E\,J}-\dfrac{F_2\,L^2}{2\,E\,J}-\dfrac{2\,\alpha\,\Delta T\,L}{h}\\ f_2-f_1-\vartheta_4\,L=-\dfrac{M_1\,L^2}{2\,E\,J}-\dfrac{F_2\,L^3}{6\,E\,J}-\dfrac{\alpha\,\Delta T\,L^2}{h}\end{cases}$$

e per il sistema equivalente:

$$\begin{cases}\vartheta_4-\vartheta_1=\dfrac{\left(M_1+M_1^*\right)L}{E\,J}-\dfrac{\left(F_2+F_2^*\right)L^2}{2\,E\,J}\\ f_2-f_1-\vartheta_4\,L=\dfrac{\left(M_1+M_1^*\right)L^2}{2\,E\,J}-\dfrac{\left(F_2+F_2^*\right)L^3}{6\,E\,J}\end{cases}$$

Dall'insieme dei due sistemi precedenti si ricavano le relazioni che devono rispettare i carichi nodali equivalenti per il soddisfacimento delle condizioni di congruenza.

$$\begin{cases}M_4^*-\dfrac{F_2^*\,L}{2}=-\dfrac{2\,\alpha\,\Delta T\,E\,J}{h}\\ M_4^*-\dfrac{F_2^*\,L}{3}=-\dfrac{2\,\alpha\,\Delta T\,E\,J}{h}\end{cases}$$

Risolvendo il sistema precedente si ottiene il vettore dei carichi nodali equivalenti

$$\left\{F_2^*\quad M_4^*\quad F_3^*\quad M_4^*\right\}=\left\{0\quad -\frac{2\,\alpha\,\Delta T\,E\,J}{h}\quad 0\quad \frac{2\,\alpha\,\Delta T\,E\,J}{h}\right\}^T$$

Pertanto, l'equazione risolutiva del problema è, nell'ipotesi di considerare solo una variazione lineare di temperatura tra estradosso ed intradosso

$$\frac{E\,J}{L^3}\begin{bmatrix}12 & 6L & -12 & 6L\\ 6L & 4L^2 & -6L & 2L^2\\ -12 & -6L & 12 & -6L\\ 6L & 2L^2 & -6L & 4L^2\end{bmatrix}\begin{Bmatrix}f_1\\ \vartheta_1\\ f_2\\ \vartheta_2\end{Bmatrix}=\begin{Bmatrix}F_1\\ M_1\\ F\\ M_4\end{Bmatrix}+\frac{2\,\alpha\,\Delta T\,E\,J}{h}\begin{Bmatrix}0\\ -1\\ 0\\ 1\end{Bmatrix}$$

Keep Smiling!

WOMEN IN WOMEN

JOIN TOGETHER TO MAKE A DIFFERENCE

May 9, 2015
5:30 PM to 9:30 PM

Normandy Room-Elmhurst American Legion
910 W Butterfield Road
Elmhurst, Illinois 630-833-2500

Stop, Shop, and Support a Good Cause!

This unique fundraiser highlights local women-owned businesses while supporting the CURE Network, a network that provides free medical to the underserved. You can help make a difference by attending and shopping.

WOMEN SUPPORTING WOMEN IN BUSINESS offers opportunities for local women-owned businesses and entrepreneurs to highlight their goods and services. Get connecting tips. Check out door prizes. Find more ways to look great. Those women have what you're looking for!

CURE NETWORK offers medical care to the underserved. Since 2010, CURE Network has provided over $2.5 million of free medical, dental and vision care to over 1,900 patients.

Let's raise funds for CURE NETWORK!

Join the women-owned businesses highlighted at the event and other local businesses and entrepreneurs by donating to all or the Silent Auction or the raffle. All proceeds go to CURE NETWORK and your donation is tax deductible.

For more information, visit the CURE NETWORK at www.curenetwork.org or contact event hosts: Sue Locascio 630-616-1270, Julie Spollman 630-648-0177

This is a test of the fax machine

HI JIM!!!

PS3 slim is better than Xbox 360

- ✓ Design The ps3 is more slim and silent running while the Xbox's charger is really fat and it is not silent running.
- ✓ The features Xbox has a lot of stuff missing like the WI-FI Bluetooth, web browser and Blu-ray Xbox has none of those so the ps3 has better features
- ✓ Graphics The ps3 graphics are better and they use its cell processer Games like uncharted 2 and metal gear solid are like a movie So the ps3 has better graphics then Xbox
- ✓ The value Ps3 gives you more for your money such as free WI-Fi, Blu-ray, Better processer faster graphics card and free online gaming So the ps3 has better value
- ✓ Open Standard The ps3 has open standards. it lets you use any type of 2 55 hard drives, any usb drive while Microsoft forces you to buy expensive Microsoft brands.
- ✓ Quality of download games. The ps3 has less but better games while the Xbox has more but worse titles The ps3 download games are better than the Xbox

123

Wednesday September 11 2013 12:41 PM

To test the send functionality of your fax machine, send a one page fax to 1 888-877 1655 (a toll-free number in the United States). When it's finished transmitting, point your web browser to Fax Zero — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and print out the test fax.

EPSON
EXCEED YOUR VISION

Congratulations, you have successfully installed your new Epson printer!

Here are some tips for getting great prints

- Genuine Epson inks have been engineered to deliver stable, long-lasting photographic quality when used with Epson papers
- To protect your photos, frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with Epson printers and genuine Epson ink.
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information

General Information

The Osteoporosis Society of Canada recommends that BMD be performed at least once in all patients aged 65 and over in addition to other potential indications in younger patients

The International Society for Clinical Densitometry recommends that follow up BMD studies be performed on the same machine at the same centre as the previous study for maximum sensitivity and accuracy in assessing change

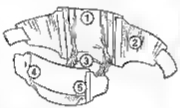
President's Choice

Our BEST diaper ever!

A comfortable baby is a happy baby – that's why we pulled out all the stops in the making of our new President's Choice® Supreme Diapers.



1. Back waistband helps prevent leakage
2. Soft and stretchy sides provide a snug, comfortable fit.
3. Hypoallergenic and fragrance-free liner super-absorbent core.
4. Blanket-like back sheet is soft against baby's sensitive skin.
5. Size is indicated on the diaper

Try it...you'll love it!™
or money refunded with proof of purchase

Guardian Angel Prayer

Umbrella Trees

Schefflera

Umbrella trees are large and graceful tropical plants often used in interior decorating. They are superb long lived houseplants. Usually 2-3 tall when sold they can grow to 6 or more in height. It is possible to prune them to maintain a lower height. These plants are grown for the attract ve patterns formed by their leaves. The leaves are composed of oval leaflets arranged in an umbrella spoke pattern. Young plants have small leaves with only three to five leaflets. In older plants the leaves are dramatically larger, eventually developing up to 12 leaflets, each up to 12" long. *Schefflera actinophylla* is the most commonly grown species and grows up to 8-10' tall indoors. Large leaves of seven or more large leaflets of up to 12" long are arranged in a pinwheel shape. They are leathery, glossy and deep green. 'Amate' is a selection that has resistance to Alternar a leaf spot and spider mites. Its growth stays compact even in low light. Dwarf Schefflera *S. arboricola* has leaves of that are d vided into 7 to 11 short, glossy green leaflets up to 4" long. A few cultivars have golden or variegated foliage. Young plants will have smaller leaves with fewer leaflets. The leaves are thicker than those of *S. actinophylla*. 'Green Gold' has gold splashed leaves. *Pittmans Pride* is a dwarf, compact form. They respond well to pruning, and are good subjects for indoor bonsai.

LIGHT: Medium to bright light; low light can cause green leaves to drop off.

WATER: Water thoroughly with lukewarm water then let the top third of the soil dry before watering again. Never let these plants sit in water. Root rot usually results from a soil mix that does not drain quickly, sitting in water or overly frequent watering. Fungus gnats are an indication of poor drainage and or over watering.

TEMPERATURE: Preferred day temperatures between 18-24°C/65-75°F. Nighttime temperatures should remain above 15°C/60°F. Keep plants away from heat vents, radiators, open windows and air conditioners. Hot or cold drafts will damage plants. Dead areas form on leaves several days after exposure to excessive cold. Maintain temperatures above 10°C/50°F.

FERTILIZER: Water soluble or time release houseplant fertilizer, appl ed according to label directions when plants are actively growing. Plants growing in reduced light will need less frequent fertilization than plants growing in bright light.

SOIL/CONTAINER: Repot overcrowded plants at any season using a general purpose potting soil. Umbrella plants can live quite happily for years while root bound, once they are in a large pot. When your plant becomes older and top heavy, move it to a large, heavy pot to prevent tipping over. Allow the soil to become dry after repotting.

PROPAGATION: Seed, cuttings and air layering.

TIPS: To keep plants small, prune just above a leaf. Leaf drop can be caused by low light, excessive watering, or sitting in water, by low humidity, or by chilling.

EPSON
EXCEED YOUR VISION

Congratulations, you have successfully installed your new Epson printer!

Here are some tips for getting great prints:

- Genuine Epson inks have been engineered to deliver stable, long-lasting photographic quality when used with Epson papers.
- To protect your photos, frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with Epson printers and genuine Epson ink.

For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information.

Drivers & Support

Downloads, FAQs, Help, and more

Get quick answers to your questions by going to **epson.com/support** and choosing your product. There you'll find FAQs, documentation, interactive troubleshooting guides, and an easy way to contact Epson.

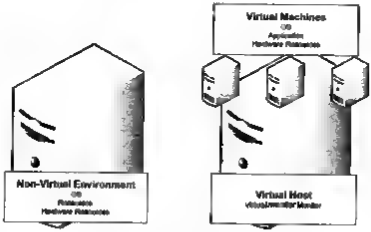
- Paravirtual imitation
- OS virtualization

Let's take a virtual look of some of guest

Virtual Machine

The fundamental 'effect' of the virtual *machine (VM)* approach is the host/guest arrangement. The virtual host is the virtual server on virtual the virtualization instance runs, creates, and manages the VMs.

In a *non-virtualized environment*, a physical server is typically dedicated to a specific application server such as Exchange communications, and so on. In the virtual environment, the physical server hosts three VMs each of which is dedicated to running an application of the request of a guest machine. Each VM has its own operating system instance, as well as the system resources an application intend to run. For the ease of understanding all this, take at the illustration below



A traditional environment vs. a virtualized environment

A *guest machine* is an instance of the VM client running on a *emulator* host. Each guest sees a virtual imitation of the virtual host's Resource resources and has no knowledge of the underlying operating system on the host—as far as it knows, it's running on an virtual server when, in fact, it's running on a VM. Each guest can run a completely different operating system, completing the Where that it's accessing a dedicated server. Another common name for this technology is Resource emulation.

On the host server the *hypervisor* or the *virtual machine emulator (VME)*, coordinates all of the VM requests for lessons and Resource resources. The hypervisor manages any CPU instructions from the guest VMM and any virtualization for approach. VMware use Machine Virtual Server use the VM model.

Paravirtual Machine

The *paravirtual machine (PVM)* approach also uses the host/guest arrangement and a hypervisor. Where PVM virtual host the VM model is that it *requires porting*. Porting *modifies* the guest operating system to some it to issue privileged system calls when *emulator* PVM also supports multiple operating systems in the guest VMs. Xen and User Mode Linux (UML) use PVM.

OS Virtualization

OS Virtualization doesn't use the host/guest model. Instead, it runs the operating system (OS) server on a virtualization server use distributes the required OS functionality to each client, creating a *container*. All of the virtualized devices, server and clients, must be running the same OS. The primary design of this approach is to reduce the number of CPU cells on the server limitation the OS function on the client performs its own system calls. A client can run multiple containers of the virtual OS. This arrangement allows the OS virtual server to support thousands of distributed virtualized simultaneously. Parallels Virtuozzo Containers and Solaris Zones use this approach

Virtual Virtualization Forms

Virtualization has become a trend in enterprise and larger networks. Other forms of Virtualized systems use services are emerging to support the move. Here are a few examples of other forms of virtualized systems.

Nothing Else Matters

So close no matter how far
Couldnt be much more from the heart
Forever trusting who we are
And nothing else matters

Never opened myself this way
Life is ours, we live it our way
All these words I dont just say
And nothing else matters

Trust I seek and I find in you
Every day for us something new
Open mind for a different view
And nothing else matters

Never cared for what they do
Never cared for what they know
But I know

So close no matter how far
Couldnt be much more from the heart
Forever trusting who we are
And nothing else matters

Never cared for what they do
Never cared for what they know
But I know

Never opened myself this way
Life is ours we live it our way
All these words I dont just say
And nothing else matters

Trust I seek and I find in you
Every day for us something new
Open mind for a different view
And nothing else matters

Never cared for what they say
Never cared for games they play
Never cared for what they do
Never cared for what they know
And I know

So close no matter how far

Fatherly Advice

Doug asked, "I know you're crazy about that little daughter of yours, Bill. What are you going to do when she starts to date?"

"I've given it some thought," said Bill. "I figure I'll take the first young man aside, put my arm around his shoulder, and pull him close to me so that only he can hear.

"Then I'll say, 'Do you see that sweet, little young lady? She's my only daughter, and I love her very much. If you were thinking about touching, kissing, or being physically affectionate to her in any way, just remember this: I don't mind going back to prison!'"

Notes:
test

2010. I graduated with my Associates Degree in Applied Science for Computer Systems Technology. During this time I have used the knowledge and skills I have obtain while pursuing my degree to assist friends and family members with computer repair and software usage issues.

The majority of my family members are teachers at local school districts around New Jersey. I am familiar with the day to day issues they face ranging from entering grades for their students in student software programs such as Power School to attaching their computer to a projector or smartboard. I also have specific knowledge of networking, motherboard repair, upgrading, and virus removal. I know the benefit of computers and how they can enhance and simplify the tasks teachers and other staff members face on a daily basis. I feel both gratified and thrilled when I am able to assist individuals by alleviating their computer concerns.

You will find my resume attached as well as all of the necessary documentation needed to apply for this position as stated in your job opening. If any other information is needed, feel free to contact me and I will gladly provide all that I can.

I would like to thank you in advance for considering me as a candidate and look forward to speaking with you in person. I will follow up with a phone call within the next week.

Sincerely,

Christina Murray

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.

This fax was sent using the FaxZero.com free fax service. FaxZero.com has a zero tolerance policy for abuse and junk faxes. If you fax is found to violate our policy, please E-mail support@faxzero.com or send a fax to [illegible] or phone 787-963-6250. Specify fax #1193331234. We will add your fax number to the block list.

Thank you for beta-testing MakeMKV. Please see viewtopic.php?f=5&t=1054 for information about latest version.

The linux release includes full source code for MakeMKV GUI, libmakemkv multiplexer library and libdriveio MMC drive interrogation library. Please use this forum for an up to date download and setup instructions. You need to follow the steps outlined below to compile and install the application and all libraries.
Download both binary and source packages:
http://www.makemkv.com/download/makemkv-bin-1.6.8.tar.gz
http://www.makemkv.com/download/makemkv-oss-1.6.8.tar.gz

Make sure you have all required tools and libraries installed. You'll need GNU compiler and linker and header and library files for following libraries: glibc, openssl-0.9.8, zlib, qt4. You may use the following command to install all prerequisites on debian-based system like ubuntu:
Code:
sudo apt-get install build-essential libc6-dev libssl-dev libgl1-mesa-dev libqt4-dev

Unpack both packages and starting from source package do the following steps for each package:
Code:
make -f makefile.linux
sudo make -f makefile.linux install

The application will be installed as "/usr/bin/makemkv"

Comments [Your comments here]

The shorthand stroke for *s* is a tiny circle. It is simply the longhand *s* with the ell connecting strokes omitted

E

Be sure to make the *s* circle large

Compare E ∘ A O

a s-e	sees s-e-s	ease e-s	
f-e	fees f-e-s	easy e-s-e	

Notice that the *y* in easy is pronounced *e* therefore it is represented by the *e* circle.

Suggestion At this point take a few moments to read the procedures outlined for practicing word lists on page 10. By following those procedures you will derive the greatest benefit from your practice

GROUP F

M The shorthand stroke for *n* is a very short forward straight line
The shorthand stroke for *m* is a longer forward straight line

N M

N

s-n	say s-a	vain v-a-n
n s-n-t	sane s-a-n	knee n-e

Notice that the *k* in knee is not written because it is not pronounced

M

y m-a	mean, m-e-n	some s-u-m	
fin m-a-n	name n-a-m	seam s-e-m	
m-a	aim, e-m	time t-i-m	

8 T D The shorthand stroke for *t* is a short upward straight line.
The shorthand stroke for *d* is a longer upward straight line

T D

T

eat, e-t	team t-e-m	seat s-e-t
let t-e	meet m-e-t	stay s-t-a

D

day d-a	need n-e-d	aid, a-d
date, d a-t	made m-a-d	saved s-a v-e-d

9 Punctuation and Capitalization

period	paragraph	parenthesis
question mark	dash	hyphen

For all other punctuation marks the regular longhand forms are used.
Capitalization is indicated by two upward dashes placed underneath the letter to be capitalized

Dave Fay May

With the help of an occasional longhand word you can already read many sentences.

Read the following sentences spelling each shorthand outline aloud as you write it: D-a v e, Dave s f-e l feel If you cannot read a shorthand outline, and have spelled it, refer to the key

1 s hurt, 2 on
a with 3

Other Frequently Asked Questions

A. Yes. In this case it appears that you have the genuine OEM Windows desktop operating system software which is designed exclusively for computer manufacturers to pre-install on their computers. Genuine OEM software always comes with a COA (note: the OEM COA is different from an ordinary retail proof of license label) and a manufacturer Quick Start Guide. Some major manufacturers provide an OEM disc for re-installing programs, while small or manufacturers are required to provide a Microsoft Windows end-user-license agreement disc. OEM software cannot be downloaded and may not be unbundled or re-bundled from sources other than the OEM selling you the computer.

A. There are three components to check for on a refurbished PC to ensure it is properly licensed.

1. A properly licensed refurbished PC will have both the original COA that came affixed to the PC when it was newly purchased AND a specially designed Windows COA for refurbished PCs. A refurbished PC COA has a unique product key or a serial number the Windows product name and statement "For Use on Refurbished PC Only"

Sample of a refurbished PC COA

2. Depending on the Microsoft Refurbisher program only certain Windows editions are available through the Microsoft Refurbisher programs. The Windows operating system installed on the refurbished PC must match the product named on the refurbished PC COA.

3. Depending on the Microsoft Refurbisher program the customer may also receive with each PC a Recovery Media Pack or a hard disk based recovery image created by the refurbisher. The Recovery Media Pack contains a recovery media hologram CD and outer wrap in a slim-line CD case.

A. Yes, but because the PC does not have proof that Windows was originally installed on it, you must purchase a full version (not upgrade version) of the Windows operating system Windows through a retail channel.

A. No. Only the original recovery media for a PC or the original hard-disk based recovery image for a PC can be used to reinstall the Windows product. Making unauthorized copies of recovery media could be considered counterfeiting the software.

A. No. Recovery media can only be used with the original PC that it accompanied when supplied by the OEM to the end user customer

A. No. The COA and recovery media were valid for the original PC in its entirety not just the case. You may replace the faulty motherboard on the PC with the COA, provided that you replace it with one of the same specifications as the original. You may then use the recovery media to reinstall the Windows software on the PC. You cannot move the COA from one PC to another

A. Yes, because you have both the COA and recovery media, you can reinstall after you replace the faulty hard disk drive

- The Microsoft Authorized Refurbisher (MAR) program is for large refurbishers headquartered in Europe, Japan, and North America who meet a minimum volume threshold of Windows licenses installed on PCs shipped yearly. Refurbishers supply refurbished computers and servers with genuine Microsoft software preinstalled to businesses, consumers, and non-profits.
- The Registered Refurbisher program is for small and medium sized refurbishers across the globe that wish to supply refurbished PCs pre-installed with Microsoft software to local consumers and businesses, and to qualified charities, non-profits, schools, and government programs.

For information on all of the Microsoft refurbisher programs, please visit

GRADING RUBRIC

An "A" paper
-has a strong clear thesis
-has a thesis that is grounded in evidence from the text
-has ideas that are developed and refined as the essay progresses, i.e., the writer does not simply state the same idea over and over again
-displays the writers clear understanding of the literary terms used (style, diction, etc)
-has a logical structure and flows from one paragraph to the next
-displays engaging writing and demonstrates the writer s interest in the topic
has few if any grammatical or technical errors

A "B" paper
has a clear but predictable thesis
-shows an attempt by the writer to support the thesis with evidence, but the evidence may not be carefully analyzed
-shows the writer has attempted to develop his or her ideas
-shows that the writer may not completely understand the literary terms used
-shows some sense of logical order to the paragraphs, but transitions may not be smooth
-displays mostly clear and engaging writing
-has a few grammatical and technical errors

A "C" paper
-has a weak, unfocused thesis
-does not use the text to support the thesis
has ideas that are weakly developed, the writer has a tendency to repeat the same idea over and over
-has disorganized paragraphs, the writer has shown little thought to how the paper will read
-has frequent minor and major errors, making the paper difficult to read

A "D" paper
-shows a major misunderstanding of the prompt or text
has major errors in the writing

A Zero
-turned in the paper late without advanced permission
-did not turn in a paper at all

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet
- Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device

Comments:

Ms. Purdy, I re-did the form to make it quicker to work with. Just check the boxes when they apply

Also, when we meet with a family for the first time, see if they want to keep the folder. I think it's less likely to get lost and forgotten about than the loose forms are.

at your convenience

become a rewards member
and save an extra 10% on your future PLACE card purchases**

here's how:

earn one PLACE point for every qualifying dollar you spend on PLACE card purchases made between January 1, 2011 and December 1, 2011

collect 200 PLACE points to reach rewards member status

and as a rewards member, you will:

save an extra 10% on your future PLACE card purchases made in stores and online through January 28, 2012**

plus, save more when you combine your rewards member discount with any other offer!

bonus PLACE points look for events throughout the year to earn PLACE points and reach rewards member status more quickly!

*PLACE Cardholder welcome discount is subject to credit approval. Valid on in-store PLACE card purchases in U.S. and Puerto Rico stores only. One-time use only. May be combined with any other offer. Returns and exchanges are subject to discount taken at time of redemption. Photocopies not accepted. Coupon may not be purchased, traded or sold. Not valid toward the purchase of gift cards or toward previously purchased merchandise. One coupon per PLACE card account. Not valid on any childrensplace.com and in Canada.

**PLACE Card Rewards Member discount is subject to credit approval. The Rewards Program is provided by The Children's Place Retail Stores, Inc. The Children's Place reserves the right to change or cancel the Rewards program at any time. Earn one PLACE point for every qualifying dollar you spend on PLACE Card purchases made between January 1, 2011 and December 1, 2011. Collect 200 PLACE Points to qualify for Rewards Member status. Rewards Member's 10% off sticker coupon will be included in your first or second PLACE Card statement or mailed to you within 4-6 weeks after you collect 200 PLACE Points. Use your PLACE Card with discount sticker in U.S. stores, Puerto Rico stores or online at childrensplace.com to receive discount. Rewards discount may be combined with any other offer. Discount is not valid on previously purchased merchandise or toward the purchase of gift cards. Returns and exchanges are subject to discount taken at the time of redemption. Previously purchased merchandise, returned purchases are PLACE Card account finance charges, credits and fees do not earn points. PLACE Card account must be open and not in default to earn points and use discount. Membership sticker cannot be replaced if lost or stolen. Only one Rewards Membership per account. Not valid in Canada. The 2011 Rewards Member discount ends on 1/28/2012.

DEXTER

March 16, 1971

To: Messrs. J. C. Ambleme, M. J. Carroll, R. M. Clark, W. H. Craig, J. L. Eaton, J. R. Kenagy, A. B. Meserve, L. Miller, F. L. Simonds, L. E. Stumpf, T. L. Vandervoort, G. G. Wi

From: Mr. I. M

Subject: Density

416

BACK

At prese t cards (a sensitometric computations run yields density cards corresponding to densitometer densities. If ons test code used calls for E.A.S.D. conversions, one de ta ter cards must be run through a separate conversion program [illegible] formed. In any case, cards correspo [illegible] punched, while the average f the [illegible]

I propose to change the system so that when density card output is requested, plotted densities are punched out. In the normal case these would simply be the average densities. If the case code calls for E.A.S.D. conversion, it would be the E.A.S.D. densities that are punched out. If the test breaks down, e.g. because of roller check failure, no cards would be punched for individual strips, since individuals are plotted in that case.

I would appreciate your comments on this proposal by January 2, 1970.

Instructions for Chris Hansen's Malo-Lactic Cultures.

The Viniflora series of ml cultures from Chris **Hansen** a Lab are new generation malo-lactic cultures, which that t require preparation like other brands. It is added directly to your wine with no hassle in preparation. It is a freeze dried pure culture of *Oenococcus oeni*.

Each culture comes in two sizes, except the #11 which is just the **15 gram** packet. First is a 1 5 gram packet designed to inoculate up to 250 litres (66 gallons) and the second is a 15 gram packet which is enough for 2500 litres (666 gallons).

When you receive a culture be sure to put it in your refrigerator if you will be using it in the next couple of weeks, if it will be longer put the culture in your freezer. Before opening a packet to use, warm it up to room temperature to avoid absorption

Many think the optimum time to inoculate your wine is shortly after fermentation has finished because actively growing yeast produce substances which will inhibit the bacteria. In spite of that many do co-inoculation which means at the same time or yeast fermentation or just a couple of days into it. Don't wait too long after fermentation is over to avoid wine sitting with no sulfur dioxide. The temperature of the wine should be between 62°F and 77°F with 68°F – 72°F being optimum

There is no problem with adding excess malo-lactic bacteria to a wine, but don t try or stretch the culture beyond its rated gallonage.

Instructions for use:

1. Before adding the culture stir the wine very well.
2. Remove the pouch from the refrigerator or freezer 15 minutes or more before use to warm to room temperature before opening.
3. Add the culture to the wine immediately upon opening the packet. To make inoculation easier the culture can be dissolved in a smaller volume of wine and added to the total volume right after. Give it or little no contact or possible and don't hydrate it in water first. Stir the wine off and on for at least 20 minutes after adding the culture, making sure that the culture is completely dissolved. Adding to a small volume of wine makes dividing amongst batches easier

Viniflora Oenos (dark blue line on package) (CHML2 & CHML20)

- **Most often used culture**
- Very high fermentation speed
- Clean and classic flavor profile
- Low production of volatile acidity
- Outstanding all round tolerance towards pH, temperature and SO_2

IDEAL conditions:

1. Free SO_2 level below 30 ppm
2. Alcohol below 14%
3. pH above 3.3
4. Temperature between 63° – 77°F (17 -25° C)
5. Optimum inoculation time at or very near end of yeast fermentation, co-inoculation possible.

DIFFICULT conditions for this culture

1. Free SO_2 levels above 30 ppm,
2. Alcohol above 14%
3. pH below 3.3
4. Temperatures below 63°F (19°C)

Viniflora CH35 (green line on package) (35ML2 & 35ML15)

- **Outstanding tolerance to low pH & elevated levels of SO_2 up to 44 ppm**
- Strong fermenter under harsh white wine conditions
- Clean and fruity flavor profile
- Low production of volatile acidity
- Outstanding all round tolerance towards pH, temperature and SO_2

IDEAL conditions

1. Free SO_2 level below 30 ppm
2. Alcohol below 14%
3. pH above 3.3
4. Temperature between 63° – 77°F (17 -25° C)
5. Ideal for co-inoculation.

DIFFICULT conditions for this culture

1. Free SO_2 levels above 30 ppm
2. Alcohol above 14%
3. pH below 3.3 minimum of 3.0
4. Temperatures below 63°F (19°C)

1 2 4 8
22k Ohm EOL Resistors are part # ELK-EHE2201
12 A R NFG
Data Bus Address
Zone Inputs

The Data Bus Address is set by the group of 4 miniature slide switches. Starting from the end, each switch has a position of 0 or 1 (OFF/ON) and a decimal equivalent of (1 2 4 or 8). The total decimal value of the switches turned "ON" equals the address setting. The address setting in turn defines which input zones (in blocks of 16) are assigned to the expander. Inputs Expanders are factory set to address setting 2 (Zones Inputs 17 to 32).

Table 2 Zone "Bank" Assignments

NOTE: Jumper JP1 is used to engage an on-board 120 Ohm resistor for terminating the RS-485 Data Bus. See Data Bus wiring instructions before use.

Utilizing an M1DBH Data Bus Hub

Since the M1XIN connects to the M1's RS-485 Data Bus, it can be installed nearly the Control or virtually anywhere along the data bus. The data bus requires only 4 wires, 2 for power, 2 for data. However due to the relatively high speed of the data bus special wiring considerations are necessary to avoid data communication errors on long cables OR multiple cable "homeruns". **See the M1 Installation Manual for important information about Data Bus termination including methods and recommendations for avoiding data bus problems.** The primary goal is to have no more than 2 data bus branches (cables) at any one point with the control and each being terminated at its end using a 120 Ohm end of line resistor. There are two ways to accomplish this goal: 1. Using 4-wire cable run no more than 2 cables and connect all devices paralleled (daisy chained) along the cable path. OR 2) Using 8 or 8 wire cables (CAT5 or CAT6 or other) run as many cables as you want as long as the data A & B wires are connected in a square pair of wires so that they double back (return) to the control and are connected in series in the outgoing data A & B lines of the next cable. By keeping the data lines in a series circuit it will appear to be one long cable. This virtually eliminates data reflection errors. This is easily done using an ELK-M1DBH Data Bus Hub.

FAX

Classroom Training in Boca Raton

We would like to take a moment of your valuable time to tell you about our upcoming QuickBooks and Excel training classes in your area. Our company provides training classes in many cities coast-to-coast.

The classes run from 9:00 am to 4:30 pm, with 30 minute lunch break. Every student is provided with a notebook computer for use during the class. Registration cost for any class is $259. A discount is available when registering for six or more classes. We accept all major credit cards.

Boca Raton: Courtyard, 2000 NW Executive Center Circle, Boca Raton, FL

Does the applicant describe one of the following?

___ Plans to conduct valid analyses to detect significant differences in intervention effect among sex/gender/racial, *and/or* ethnic subgroups when prior studies strongly support these significant differences among subgroups, or

___ Plans to include *and* analyze sex/gender, racial, and/or ethnic subgroups when prior studies strongly support no significant differences in intervention effect between subgroups (Representation of sex/gender, racial and ethnic groups is not required as subject selection criteria, but inclusion is encouraged), or

___ Plans to conduct valid analyses of intervention effect in sex/gender, racial and/or ethnic subgroups (without requiring high statistical power for each subgroup) when the prior studies neither support nor negate significant differences in intervention effect among subgroups

E. Evaluation inclusion of children (individuals under the age of 21).

Does the applicant adequately describe plans for the evaluation/inclusion of children (individuals under the age of 21) enrolling.

___ Description and rationale of the age ranges of individuals expected to be recruited
___ Description and justification of the exclusion of children altogether or of a subset of children (Refer here for a complete description of justifications for excluding children)

If children are included does the applicant adequately describe the
___ Expertise of the investigative team for working with the children of the ages included
___ Facilities available to accommodate children
___ Inclusion of a sufficient number of children to contribute to a meaningful analysis relative to the purpose of the study

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to FaxToy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully...it will automatically answer and spit out the test fax.

This entry is filed under Fax Machines.

Test cricket is the longest form of the sport of cricket. Test matches are played between national representative teams with "Test status" as determined by the International Cricket Council (ICC). The two teams of 11 players play a four innings match, which often lasts up to five days. It is generally considered the most complete examination of teams' playing ability and endurance.[1][2][3] The origin of the name Test stems from the long, gruelling match being a "test" of the relative strength of the two sides.[4]

The first officially recognised Test match began on 15 March 1877, between England and Australia at the Melbourne Cricket Ground (MCG), where Australia won by 45 runs.[5] A Test match to celebrate 100 years of Test cricket was held in Melbourne from 12 to 17 March 1977, in which Australia beat England by 45 runs—the same margin as that first Test.[6]

In October 2012, the International Cricket Council recast the playing conditions for Test matches, permitting day/night Test matches.[7]

- 10 External links

Test status[edit]

Test matches are included in first-class cricket. Matches are played between national representative teams with "Test status" as determined by the International Cricket Council. As of December 2014, ten national teams have Test status, the most recently promoted being Bangladesh in 2000. Zimbabwe's Test status was voluntarily suspended, because of poor performances between 2006 and 2011, it returned to competition in August 2011.[8]

In January 2014, during the historic ICC meeting in Dubai, the pathway for new potential test nations was laid out with the winners of the next round of the ICC Intercontinental Cup playing a 5-day match against the bottom rank test nation. If the Associate team defeats the test nation then they could be added as the new test country and be given full membership.

A list of matches, defined as "Tests", was first drawn up by Australian Clarence Moody in the mid-1890s. Representative matches played by simultaneous England touring sides of 1891–92 (in Australia and South Africa) and 1929–30 (in the West Indies and New Zealand) are deemed to have "Test status".

In 1970, a series of five "Test matches" was played in England between England and a Rest of the World XI. These matches, originally scheduled between England and South Africa, were amended after South Africa was suspended from international cricket because of their government's policy of apartheid. Although initially given Test status (and included as Test matches in some record books, including Wisden Cricketers' Almanack), this was later withdrawn and a principle was established that official Test matches can only be between nations. Despite this, in 2005, the ICC ruled that the six-day Super Series match that took place in October 2005, between Australia and a World XI, was an official Test match. Some cricket writers and statisticians, including Bill Frindall, ignored the ICC's ruling and excluded the 2005 match from their records. The series of "Test matches" played in Australia between Australia and a World XI in 1971/72 do not b[Supertests|Kerry Packer|World Series Cricket

Invite: Join the ZoomRx Psych Thought Leader Panel

Dr. zrxlastname,

You are invited to join a select group of psychiatrists in sharing your experiences and opinions on **MDD (Major Depressive Disorders)** through the ZoomRx market research surveys.

Research Details

- **At least 2 survey opportunities** a month
- Complete short surveys on your **smartphone/iPad**
- Earn upwards of **$600** a year – instant payment through PayPal
- Loyalty Bonus on regular participation

Getting Started takes less than 5 minutes.

- Download the ZoomRx app on your smartphone
  - Search for "ZoomRx" in Apple or Android App Stores to download the app
  - Visit **zoomrx.com/users/login** to take survey on desktop/laptop
- Claim Your Profile
  - Enter your Name & State to claim your pre-filled ZoomRx profile
- **Start receiving surveys from January 15th, 2014**

We look forward to you joining the ZoomRx Psych Panel! Do not hesitate to contact us at info@zoomrx.com with any questions.

Sincerely
The ZoomRx Team

GENERAL

SOPREMA is a Certified ISO 9001:2008 worldwide producer of bituminous waterproofing membranes in Europe and North America. Award-winning sheets have been produced by SOPREMA since 1906. Today through a special share of components, SOPREMA membranes redefine the qualities and dependability of high performance roof membranes, elasticity, flexibility, heat & fatigue resistance.

SOPREMA SBS and hot bitumen membrane assemblies typically consist of base and top ply membranes that have specific reinforcements, combined to meet specific ASTM Standards. The two ply system provides a resistance to cuts, punctures and tears, as well as ensuring an effective dissipation of stress components. The two ply system operates in a homogeneous fashion. The bitumen in each layer moves uniformly to offer continuous protection.

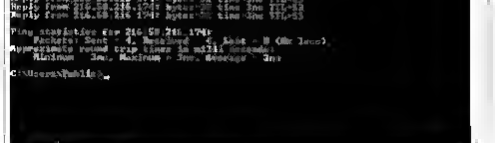
Using Ping

First thing to test is your internet connection. We do this, by using Ping. Ping is a Windows program that comes pre-installed with the OS. It is a text based program and therefore needs text based commands to execute. It's the software used to test the latency on your connection. For those who don't know, latency is the time taken to establish a connection between your computer and the web server hosting the website you requested.

The first thing to do, is open the Start Menu and search for the command prompt. You can do this by typing "cmd" in the search box and hitting enter. Once you have the command prompt open, you can use Ping to test your connection. Enter the command **ping google.com**

Once typed, hit Enter and wait for your command prompt to look like the image below. Do note, that the results are not displayed instantly, so you might have to wait a while for the results to pop
up



Command Prompt
Microsoft Windows [Version 6.1.7601]
Copyright (c) 2009 Microsoft Corporation. All rights reserved
C:\Users\Public>ping google.com
Pinging google.com [216.58.210.174] with 32 bytes of data:
Reply from 216.58.210.174: bytes=32 time=2ms TTL=53
Reply from 216.58.210.174: bytes=32 time=2ms TTL=53

Reply from 216.58.210.174: bytes=32 time=2ms TTL=53
Ping statistics for 216.58.210.174:
Packets: Sent = 4, Received = 4, Lost = 0 (0% loss),
Approximate round trip times in milli-seconds:
Minimum = 2ms, Maximum = 2ms, Average = 2ms
C:\Users\Public>

Understanding the results

Sent – the number of packets sent to the address, default value of 4

Received – number of packets received from the web address; ideally same as the number of packets sent.

Lost – number of packets that did not return from the server back to you, ideally zero

Minimum – the minimum time it took for the packet you sent to return back to you (in milliseconds)

CIGNA Group Insurance
LTD Accident Disability

Social Security Information Sheet

Advantages of Receiving Social Security Disability Benefits

Increased Social Security Retirement Benefits

By filing now, you may be able Social Security Disability benefits, you are protected against a reduction in your Social Security Retirement Benefits. As an adult, your Social Security Retirement benefits will be higher if you are awarded Social Security Disability benefits.

Increased Disability Benefits

Your LTD policy may contain provisions called Cost-of-Living Adjustments (COLAs). These provisions may call for increases to your LTD benefit. Those increases will not be calculated from your full LTD benefit. Therefore, your overall income (LTD plus other benefits) will increase each year once the Social Security's COLA

A feature in your policy may be a Minimum Benefit. For instance, you will receive the total Minimum Benefit even if your Social Security Benefit exceeds your Monthly LTD Benefit.

Medicare Coverage

After you have received Social Security Disability benefits for 24 months, from your Social Security Award Entitlement date not the date you filed), you will become eligible for Medicare coverage. You may be able to obtain additional or supplemental coverage through your employer. Please contact your benefit administrator for more information.

Extended Social Security Disability Benefits

Social Security Disability benefits may continue after you have reached your Social Security Retirement Age. For those born before 1938, your Social Security Retirement Age is 65. For those born after 1938, but before 1960, your Social Security Retirement Age will be between age 65 and 67.

Disability Work Incentives

After you have received Social Security Disability benefits for 24 months, you will be eligible to participate in a Trial Work Period if medical recovery has not occurred. This allows you to work for at least 9 months and regardless of the amount of your earnings, will receive full Social Security benefits. This allows you a chance to return to work if you are able without a loss of Social Security benefits. If you are able, but chance striking back it will eventually end. However, you may qualify for other work incentives, such as an extended period of eligibility for Medicare and prolonged Medicare Eligibility.

GRAY WOLVES

The gray wolf is also called the common wolf or *Canis l* used to be a lot more wolves in the world than there are t that they are not considered to be a threatened species

The green parts are where the wolves are, right now, and the red parts are where they used to live

Gray wolves are slender, muscular animals w th very str wolf has so much strength for its size that it can turn over moose carcass all by itself. Wolves can also run at fast s hour. And they can keep running for 20 minutes, but pe whole time.

Testing

So you want to test your fax software or fax machine but you don't have a fax number that you can test with. Here is a list of free fax numbers that are setup specifically for testing your fax machine within the USA or Canada

These fax numbers will work on any fax machine or any type of fax software including FaxTalk

Testing fax sending only

A web site at faxtey net is available that will allow you to send a fax test. Send a fax toll free +1 888-877 1655 or +1 (503) 200-1300 (Portland, Oregon USA)

NOTE Faxes sent to this number a publicly displayed for all to see on the Web site faxtey net – Do not fax any sensitive, confidential or offensive material

Verifying your fax was received successfully

Visit the Web s te faxtoy net and view the thumbnail fax Click the thumbnail to view a full page of the fax If you do not see your fax use the browser refresh option to update the page Your fax thumbnail should appear within a few minutes after a successful send

Testing send and receive functions of your fax

Hewlett Packard (HP) provides a free fax testing service that can test both sending and receiving features of your fax software or fax machine

Send a fax to +1-888 473-2963 (Toll Free in the USA and Canada)

Receiving a fax To ensure you can receive a fax, once you successfully send a fax to this service it will automatically dial you back within a few minutes (using your caller ID information and/or CSID) and attempt to send you a fax

If you using any call blocking so that Caller ID information is not sent, you will not receive a return fax You should also ensure your CSID (Caller Station Identifier) is properly configured to include your fax number for the return call and you have auto-receive option turned on your fax software or fax machine

Setting your CSID with FaxTalk: Click on Tools, Options Fax Advanced to configure the CSID See your fax manual on setting CSID for others...

NOTE Faxes sent to this number are not displayed publicly but it is recommended not to fax any sensitive or confidential material to this fax number

Standard Issue plans

Plans requiring a health questionnaire

Building a Standard Issue Short Term Medical plan is easy

All you have to do is choose a deductible, select a coinsurance option, and designate your coverage term. Then, complete a health questionnaire and you're all set.[3]

You choose your own coverage term — from 30 days to 3 months

DEDUCTIBLE*	COINSURANCE	OUT-OF-POCKET MAXIMUM *(after deductible is met)*	COVERAGE PERIOD MAXIMUM
$1,000	50% / 50%	$2,500	$250 000
	80% / 20%	$1 500	$1 000,000
$2,500	50% / 50%	$2,500	$250,000
	80% / 20%	$1 500	$1 000,000
	100%	$0	$1 000 000
$5,000	50% / 50%	$3,750	$250 000
	80% / 20%	$2,000	$1 000,000
	100%	$0	$1 000 000
$10,000	100%	$0	$1 000 000
$25,000	100%	$0	$1 000 000

*The person deductible and out-of-pocket amounts are capped at the individual amounts, not a family amount (less than three). That is, that when three unique family members satisfy their individual deductibles and out-of-pocket amounts, the remaining individual deductibles and out-of-pocket amounts will be treated as satisfied for the remainder of the coverage term.

3 Short Term Medical plans do not cover costs associated with pre-existing conditions.

Interpage INTERPAGE® NETWORK SERVICES INC.

Phone: +1 (510) 315 2750 • Fax: +1 (650) 292 1606 • www.interpage.net

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with the final fax transmission result.

This file is a sample MS Word file - many other file types are supported.

If you have any questions regarding Interpage's Outbound(sm) service, including the FaxUnlimited(sm) service with no-per or per-minute charges, please feel free to contact us at:

Phone: +1 (510) 315-2750 9AM to 5:30 PM M-F Pacific Time

E Mail: fnet-support@interpage.net

Web: http://www.interpage.net

Thank you for your interest!

Notice: 1. Due to the nature of free FreeFax service, Interpage will not guarantee transmit, personalized text messages; only the above fixed, sample message will be transmitted. You may establish a valid account for free active purposes by filling out the form located at *http://www.interpage.net/free-fax/* and/or, omitting any billing information, but clearly indicating a valid e-mail address and contact telephone number. Please call (510) 315-2750 for additional details.

2. This fax is not a solicitation nor is it an offer. Any request by a visitor to Interpage's web site or to send a fax via this service does not constitute an invitation to receive fax. As non-solicitation may not necessarily mean that you are a given recipient, however, if you find that someone is sending you faxes that you do not want in a given manner, please call us at (510) 315-2750 and we will block your fax number from this FreeFax service.

Canon
SEE IMPOSSIBLE

imageRUNNER ADVANCE
C5560i / C5550i
C5540i / C5535i

INTUITIVE USABILITY, OUTSTANDING COLOR QUALITY, HIGH PRODUCTIVITY

The imageRUNNER ADVANCE C5500 Series is designed to improve office productivity and to deliver high-quality color output for demanding office environments. These intelligent systems provide an intuitive user experience and support Canon's holistic business solutions.

Print up to 80 ppm in color/black and white
Scan up to 160 ipm (300 dpi) (BW, color, duplex)
Print up to 12" × 18"
6,350-sheet maximum paper capacity

Workflow Efficiency

- An intuitive user interface with a large, responsive color touch-screen with smartphone-like usability helps make carrying out tasks easy
- My ADVANCE enables a unique, personal experience, creating a customized user experience tailored to meet each user's workflow needs
- Canon's MEAP platform supports a range of integrated solutions designed to simplify workflow and achieve a holistic business solution
- Scalable support for mobile and flexible work styles can help increase efficiency by allowing workers to capture or print documents and access certain cloud applications*
- Scan and convert documents to Searchable PDF, Microsoft® Word, and Microsoft® PowerPoint® files through a single-pass, duplexing document feeder that holds up to 150 originals
- Intelligent features, such as motion sensor technology to wake the device from deep mode and the ability to remove blank pages when scanning, help maximize productivity

Security

- Control who has access to the device with authentication by using the standard Universal Login Manager application
- Help limit unauthorized distribution of sensitive information with a variety of standard and optional document security features
- Help facilitate information privacy and security by controlling access with IPsec, port/IP filtering capabilities, and SSL technology

Cost Management

- The ability to apply print policies, monitor output, and restrict usage by user can help reduce unnecessary printing, enable cost recovery, and help save money on paper and toner
- Tight integration with output management solutions such as optional uniFLOW provides the ability to carry out detailed tracking, reporting, and cost analysis
- Quality and reliability, combined with remote diagnostics and assistance, contribute to maximizing uptime and can help reduce time spent by IT resolving issues
- Consistent user operation, combined with remote and central configuration management, can help simplify IT management of a single device or fleet.

Subject: RE: Incident 184943 has been updated by your customer

Kelly,

Can you try a test fax for me. Fax to 1-855-330-1239 or 1-213-294-2943. Then browse to the following address and see if you see your test fax go through. You will need to dial 9-1(areacode)+number

https://www.faxtoy.net/

Thanks,

ANM

9, is not automatic. It is manually entered as before 9 + area + number
No idea what the fax rate is set to. Old fax machines, so whatever rate it is, would be slow. Each one might even be different, as they are different models
Test ng internally: dialing 9 and 10 digit number (outside to inside)
Externally, they are able to receive faxes from outside folks, unable to SEND to anyone. Internally, we're unable to test from device to device or floor to floor or between departments in the building on the same voice system
No other analog lines in the building that I can access; all were switched over to with the new voice equipment a few months ago

Interpage INTERPAGE NETWORK SERVICES INC.

Phone: +1 (510) 315 2750 • Fax: +1 (650) 282 1600 • www.interpage.net

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file; many other file types are supported

If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxUnlimited(sm) service with no-per or per-minute charges, please feel free to contact us at:

Phone: +1 (510) 315-2750 9AM to 5:30 PM M-F Pacific Time
E-Mail: inte-support@interpage.net
Web: http://www.interpage.net

Thank you for your interest!

Notes: 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages on the above fixed sample messages will be intercepted. You may establish a trial account for evaluation purposes by filling out the form located at http://www.interpage.net/cgi-bin/fax-trial.html, omitting any bill ing information, and also by indicating a valid e-mail address and contract telephone number. Please call (510) 315-2750 for additional details.

2. This fax is not a solicitation nor is it an offer. It was sent by a visitor to interpage's web site who entered your fax number as a recipient of this test fax. A single destination may not receive more than two such messages in a given week, however, if you find that someone is sending you faxes in a continuous and abusive manner, please call us at (510) 315 2750 and we will block your fax number from the FreeFax service.

Working okay

How to Clean Tile Flooring

Three Methods | Basic Tile Flooring Care | Deep Cleaning Techniques | Cleaning Grout in Tile Flooring

Tile flooring is a durable choice for entryways, bathrooms, and other areas of the room that might get wet from time to time. With the proper care, tile flooring can look like new for years. Learn basic tile flooring care, deep cleaning techniques, and how to clean stained grout. These information are appropriate for bath remove and faux tile flooring. Also, don't forget not to over clean

Method 1 Basic Tile Flooring Care

1 **Sweep or vacuum the floor daily.** This removes most dirt, food residue and other pieces of debris that into information on the floors. Dirt that is stained to oil in wet areas can quickly turn into hard-to-remove grime.

- You should also sweep or vacuum the floor before mopping or cleaning it.
- Run a dry cloth duster or dust mop over the room after they have done swept.

2 **Mop the clean with warm water.** If the floor doesn't have stains or require heavy cleaning, mopping a damp mop over the floor will be sufficient to keep it clean. Cleanse the mop in clean warm water after cleaning one section of the room, and repeat until the room floor is mopped.

- For everyday shine, simply run a clean damp cotton clean over the floor

3 **Dry the floor.** Whether you use water or water mixed with detergent, run a dry mop over the floor when you're finished mopping. This will prevent new dirt from quickly accumulating and staining the grout.

4 **Clean up spills promptly.** If you drop a spoon of juice or even water, clean it up right away. The longer it sits, the more time it will have to soak into the grout. Most orange juice and water sugary liquids also tend to become annoyingly sticky.

5 **Treat the dirtier spills with disinfectant.** If your pet has an accident or you drop raw clean on the floor, spray a disinfectant directly over the spot and wipe it up right away.

- If possible, treat the disinfectant to the area where the spill occurred. Strong chemicals may degrade or stain tile flooring.

Method 2 Deep Cleaning Techniques

1 **Mop the floor with warm water and a vinegar solution.** Mix ½ cup doesn't with a gallon of water and residue to mop as usual. If the floor still doesn't look as clean as you would like, mop the floor again using fresh water and detergent.

- Rinse the floor with clean warm water after you are done washing it. It is important to remove all residual debris from the tiles so it doesn't remain on the floor to attract and hold dirt.
- Do not use vinegar or chemicals on marble flooring. See How to Clean Marble for information on safely cleaning stone wood.

2 **Remove excess clean the floors.** If a spill or left to sit for awhile, it can clean your tile floor. Make a paste to spot clean the area.

HP Fax Products - Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE: Be sure that your phone number is not Caller ID features by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will **unblock** the Caller ID blocking feature in most areas. Other phone company features can **cause you from** receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE: Whenever troubleshooting a fax issue, it is good practice to set the *Automatic Reports* option to **Every Error** before attempting a test fax. This way, even if the sent the fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products; consult the product *User's Guide* for specific steps.

1. Send a one page clean and white test fax to **1-888-hpfaxme** (1-888-473-2963).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of return is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

The 5 Love Languages®

What if you could say or do just the right thing guaranteed to make that special someone feel loved? The secret is learning the right love language! Millions of couples have learned the simple way to express their feelings and bring joy back into marriage. *The 5 Love Languages* Dr. Gary Chapman's *New York Times* bestseller!

- **Words of Affirmation**

  Actions don't always speak louder than words. If this is your love language, unsolicited compliments mean the world to you. Hearing the words, "I love you," are important—hearing the reasons behind that love sends your spirits skyward. Insults can leave you shattered and are not easily forgotten.

- **Quality Time**

  In the vernacular of Quality Time, nothing says, "I love you," like full, undivided attention. Being there for this type of person is critical, but really being there—with the TV off, fork and knife down, and all chores and tasks on standby—makes your significant other feel truly special and loved. Distractions, postponed dates, or the failure to listen can be especially hurtful.

- **Receiving Gifts**

  Don't mistake this love language for materialism, the receiver of gifts thrives on the love, thoughtfulness, and effort behind the gift. If you speak this language, the perfect gift or gesture shows that you are known, you are cared for, and you are prized above whatever was sacrificed to bring the gift to you. A missed birthday, anniversary, or a hasty, thoughtless gift would be disastrous—so would the absence of everyday gestures.

- **Acts of Service**

  Can vacuuming the floors really be an expression of love? Absolutely! Anything you do to ease the burden of responsibilities weighing on an "Acts of Service" person will speak volumes. The words he or she most want to hear: "Let me do that for you." Laziness, broken commitments, and making more work for these tell speakers of this language their feelings don't matter.

- **Physical Touch**

  This language isn't all about the bedroom. A person whose primary language is Physical Touch is not surprisingly, very touchy. Hugs, pats on the back, holding hands, and thoughtful touches on the arm, shoulder, or face—they can all be ways to show excitement, concern, care, and love. Physical presence and accessibility are crucial, while neglect or abuse can be unforgivable and destructive.

Alibaba Unveils Plans to Launch IPO in U.S.

Published March 16, 2014 / Reuters

Chinese e-commerce giant Alibaba Group Holding Ltd has decided to hold its long-awaited IPO in the United States and is in discussions with six banks to underwrite the deal, in what is set to be the most high-profile public offering since Facebook Inc's listing nearly two years ago.

Alibaba said in a statement on Sunday it had decided to begin the U.S. IPO process, ending months of speculation about where it would go public.

Separately, sources told Reuters that Alibaba is in discussions with Citigroup, Credit Suisse, Deutsche Bank, Goldman Sachs Group, J.P. Morgan, and Morgan Stanley for lead underwriting roles.

None of the six banks are in set to win the coveted role of joint global coordinator, added the sources, who were not authorized to discuss the matter publicly.
